Mission Statement

Our mission is "**To Empower All Students To Succeed In A Changing World**". The staff believe that **ALL** students can learn and achieve mastery of essential skills. We believe that our purpose is to educate **ALL** students to high levels of academic performance, while fostering growth in social/emotional behaviors, abilities, and enhance the development of each individual's unique potential in the transition from primary to secondary school.

School Structure

Established by Illinois school laws, Chrisman Community Unit School District No. 6 is governed by a seven-member board whose non-paid members are elected to four-year terms. The board meets every month, usually a Monday, to transact the business and to establish the policy for conducting the schools. The district covers approximately 130 square miles surrounding and including the towns of Chrisman and Scotland. All school-age students within this territory shall attend Chrisman schools unless they choose to pay their own tuition and attend a public, private, or parochial school elsewhere. Non-resident students will be assessed a tuition fee to attend Chrisman schools.

Illinois Public School Recognition

The State Goals for Learning provide the underlying framework for defining and assessing student learning outcomes and evaluating the school's improvement efforts.

Components - Three (3) components operate independently to determine a school's designation for recognition: (1) compliance with facilities, staffing, and program specifications as specified by statute and rules; (2) evidence that all students meet performance standards and are served by a comprehensive school improvement plan; and (3) school results on the state assessment tests (IAR).

The first component of the designation reflects a school's compliance with the various specific provisions of the law and State Board of Education rules. The second component of the designation requires schools to provide evidence, over a period of time, of the extent to which students are learning and how well students are being served through a comprehensive school improvement system. The school must provide evidence that:

1. Learning outcomes are consistent with and as comprehensive as the State Goals of Learning;
2. The achievement of outcomes is measured in a reliable and valid manner;
3. Appropriate performance levels (standards) are established;
4. Appropriate expectations for improvement are established;
5. Comprehensive results document what students know and are able to do;
6. Assessment information is interpreted according to local learning outcomes and standards of student performance;
7. Assessment results or other aspects of schooling to meet the needs of all students in reaching specified outcomes.
8. Students are allowed distribution of non-curricular literature (unless slanderous) according to the First Amendment.

The third component of the designation will reflect school performance on the state assessment tests.

Non Discrimination Policy

The school district shall not discriminate on the basis of sex, color, race, national origin, or disability in its educational and extracurricular programs and activities as required by 29 U.S.C. 1681. Inquiries regarding compliance with the Illinois Sex Equity Rules and federal law may be directed to the Coordinator for nondiscrimination for Chrisman Community School District #6, Superintendent of Schools, 23231 IL Highway 1, Chrisman, Illinois 61924

Philosophy & Objectives of Chrisman School District #6

Our schools recognize the importance of the influences parents, home life, and the schools have upon the students, and the school, by diligent effort, hopes to assist its students in the development of a sound system of values.

We have an obligation to the citizens of the community to upgrade, whenever & wherever possible, the advantages a student may receive from attending our schools. We also believe that what is learned here is only a foundation upon which life-long learning experiences will be built.

It is our goal that all our graduates will be adequately prepared to successfully meet the challenges of life in the pursuit of their chosen vocations.

No pupil in the district shall be excluded from or segregated within any school on account of his/her color, race, nationality, sex, religious affiliation, or disability. The district does not discriminate on the basis of sex, nationality, or disabilities in the provision of educational and extracurricular programs, activities, services, and benefits.

Academic Honesty and Integrity Statement

Chrisman High School and Chrisman-Scotland Junior High rely on academic integrity and responsibility as the cornerstone of its work. Students are expected to exhibit the highest level of personal and academic honesty as they engage in scholarly discourse and research.

Artificial intelligence

"Artificial intelligence" or "AI" is intelligence demonstrated by computers, as opposed to human intelligence. "Intelligence" encompasses the ability to learn, reason, generalize, and infer meaning. Examples of AI technology include ChatGPT and other chatbots and large language models. AI is not a substitute for schoolwork that requires original thought. Students may not claim AI generated content as their own work. The use of AI to take tests, complete assignments, create multimedia projects, write papers, or complete schoolwork without permission of a teacher or administrator is strictly prohibited. The use of AI for these purposes constitutes cheating or plagiarism. In certain situations, AI may be used as a learning tool or a study aid. Students who wish to use AI for legitimate educational purposes must have permission from a teacher or an administrator. Students may use AI as authorized in their Individualized Education Program (IEP). Students may not use AI, including AI image or voice generator technology, to violate school rules or school district policies. In order to ensure academic integrity, tests, assignments, projects, papers, and other schoolwork may be checked by AI content detectors and/or plagiarism recognition software.

Board of Education Regulations

The Board of Education has delegated authority to enforce rules and regulations to administration, which, when appropriate, will delegate its authority to others. In the absence of a parent/guardian, school-certified personnel (teachers and administrators) stand in the relationship of parents and guardians to pupils at school and all athletic and extracurricular programs. School officials shall determine disciplinary consequences for students who misbehave.

All of the regulations and procedures that follow have been crafted to ensure the safety and well-being of the Chrisman High School and Chrisman-Scotland Junior High student body and to facilitate the primary goal of the Chrisman School District which is to provide the best education possible for each student.

A grievance is an allegation by a student or group of students involving the meaning, interpretation or application of established policies.

This procedure is not intended to limit the opportunities for the district and a grievant(s) to resolve any grievance informally. Any hearings and conferences held under this procedure shall be conducted at a time and place which will afford a fair and equitable opportunity to participate for all persons involved in the process.

The use of any local grievance procedure is not required if the grievant prefers to use other alternatives, such as the Office of Civil Rights or the courts. Due process shall be provided throughout the procedure by provision of the right to (1) representation; (2) present witnesses and evidence; (3) confidentiality; (4) review relevant records (5) proceed without harassment and/or retention

More detailed information is available in the offices of the superintendent and the principal. Time limits refer to days when school is in session.

STEP I - The student and/or parents shall discuss the matter with the person directly responsible for the grievance issue within fourteen (14) days of the time the aggrieved knew or should have known of the event giving rise to the grievance. An oral response shall be written within five (5) days after the person responsible for the grievance is notified of the grievance and has had an opportunity to discuss it with the grievant.

STEP II - If the grievance is not resolved at Step I, the grievance shall be referred to the school principal. A meeting shall be scheduled within five (5) days from notification of referral to Step II, and an oral response shall be issued within five (5) days of the Step II meeting.

STEP III - If the grievance is still not resolved at Step II, the grievance shall be submitted in writing within ten (10) days to Mr. James Acklin, Superintendent of Schools. The facts underlying the grievance shall be described in detail. A meeting shall be scheduled within ten (10) days from notification of the referral to Step III, and a written response shall be issued within five (5) days thereafter

STEP IV - If a grievance is not resolved at Step III, the grievant shall appeal the grievance in writing to the school board within ten (10) days from the receipt of the superintendent's written response. The board shall consider the appeal within sixty (60) days, and a written response shall be issued to the grievant within ten (10) days of the board meeting at which the grievance was heard.

STEP V - Grievance decisions made at the local level may be appealed to the appropriate Educational Service Region Superintendent and, thereafter, to the State Superintendent of Education.

School Operations During a Pandemic or Other Health Emergency

A pandemic is a global outbreak of disease. Pandemics happen when a new virus emerges to infect individuals and, because there is little to no pre-existing immunity against the new virus, it spreads sustainably. Your child's school and district play an essential role, along with the local health department and emergency management agencies, in protecting the public's health and safety during a pandemic or other health emergency.

During a pandemic or other health emergency, you will be notified in a timely manner of all changes to the school environment and schedule that impact your child. Please be assured that even if school is not physically in session, it is the goal of the school and district to provide your child with the best educational opportunities possible.

Additionally, please note the following:

1. All decisions regarding changes to the school environment and schedule, including a possible interruption of in-person learning, will be made by the superintendent in consultation with and, if necessary, at the direction of the Governor, Illinois Department of Public Health, local health department, emergency management agencies, and/or Regional Office of Education.
2. Available learning opportunities may include remote and/or blended learning. Blended learning may require your child to attend school on a modified schedule.
3. Students will be expected to participate in blended and remote instruction as required by the school and district. Parents are responsible for assuring the participation of their child. Students who do not participate in blended or remote learning will be considered truant.
4. All school disciplinary rules remain in effect during the interruption of in-person learning. Students are subject to discipline for disrupting the remote learning environment to the same extent that discipline would be imposed for disruption of the traditional classroom.
5. Students and parents will be required to observe all public health and safety measures implemented by the school and district in conjunction with state and local requirements.
6. During a pandemic or other health emergency, the school and district will ensure that educational opportunities are available to all students.
7. School personnel will work closely with students with disabilities and other vulnerable student populations to minimize the impact of any educational disruption.

8. Students who have a compromised immune system, live with an individual with a compromised immune system, or have a medical condition that may impact their ability to attend school during a pandemic or other public health emergency should contact school officials.
9. During a pandemic or other health emergency, teachers and school staff will receive additional training on health and safety measures.
10. In accordance with school district or state mandates, the school may need to conduct a daily health assessment of your child. Parents and students will be notified of the exact assessment procedures if this becomes necessary.
11. Parents should not send their child to school if their child exhibits any symptoms consistent with the pandemic or other health emergency.
12. Please do not hesitate to contact school or district officials if you have any concerns regarding your child's education, health or safety.

Parent Organizations and Booster Clubs

Parent organizations and booster clubs are invaluable resources to the District's schools. While parent organizations and booster clubs have no administrative authority and cannot determine District policy, the School Board welcomes their suggestions and assistance.

Parent organizations and booster clubs may be recognized by the Board and permitted to use the District's name, a District school's name, or a District school's team name, or any logo attributable to the District provided they first receive the Superintendent or designee's express written consent. Consent to use one of the above-mentioned names or logos will generally be granted if the organization or club has by-laws containing the following:

1. The organization's or club's name and purpose, such as, to enhance students' educational experiences, to help meet educational needs of students, to provide extra athletic benefits to students, to assist specific sports teams or academic clubs through financial support, or to enrich extracurricular activities.
2. The rules and procedures under which it operates.
3. An agreement to adhere to all Board policies and administrative procedures.
4. A statement that membership is open and unrestricted, meaning that membership is open to all parents/guardians of students enrolled in the school, District staff, and community members.
5. A statement that the District is not, and will not be, responsible for the organization's or club's business or the conduct of its members, including on any organization or club websites or social media accounts.
6. An agreement to maintain and protect its own finances.
7. A recognition that money given to a school cannot be earmarked for any particular expense. Booster clubs may make recommendations, but cash or other valuable consideration must be given to the District to use at its discretion. The Board's legal obligation to comply with Title IX by providing equal athletic opportunity for members of both genders will supersede an organization or club's recommendation.

Permission to use one of the above-mentioned names or logos may be rescinded at any time and does not constitute permission to act as the District's representative. At no time does the District accept responsibility for the actions of any parent organization or booster club regardless of whether it was recognized and/or permitted to use any of the above-mentioned names or logos. The Superintendent shall designate an administrative staff member to serve as the recognized liaison to parent organizations or booster clubs. The liaison will serve as a resource person and provide information about school programs, resources, policies, problems, concerns, and emerging issues. Building staff will be encouraged to participate in the organizations.

Awareness and Prevention of Child Sexual Abuse, Grooming Behaviors, and Boundary Violations

Child sexual abuse, grooming behaviors, and boundary violations harm students, their parent/guardian, the District's environment, its school communities, and the community at large, while diminishing a student's ability to learn.

Prohibited grooming is defined as (i) any act, including but not limited to, any verbal, nonverbal, written, or electronic communication or physical activity, (ii) by an employee with direct contact with a student, (iii) that is directed toward or with a student to establish a romantic or sexual relationship with the student. Prevention of Anaphylaxis

While it is not possible for the School or District to completely eliminate the risks of an anaphylactic emergency, the District maintains a comprehensive policy on anaphylaxis prevention, response, and management in order to reduce these risks and provide accommodations and proper treatment for anaphylactic reactions. Parent(s)/guardian(s) and students who desire more information or who want a copy of the District's policy may contact the Building Principal.

CHAPTER 2 – ACADEMICS, PROMOTION AND GRADUATION

Grading & Promotion

School report cards are issued to students on a quarterly basis. For questions regarding grades, please contact the classroom teacher. The decision to promote a student to the next grade level is based on successful completion of the curriculum, attendance, performance on standardized tests, and other testing. A student will not be promoted based upon age or any other social reason not related to academic performance.

Homework

Homework is used as a way for students to practice what they have learned in the classroom. The time requirements and the frequency of homework will vary depending on a student's teacher, ability and grade level.

Students who are absent from school for a valid cause (an excused absence) may make up missed homework in a reasonable timeframe. Students have 1 day to complete homework per each day the student misses.

Math Placement Criteria (JH)

8th-grade students are eligible to take Algebra 1. The class will be taught by a high school teacher with high school students. Students will receive a grade on their JH report card and upon completion will be eligible to take Geometry their Freshmen year.

To qualify, students must score higher than 70% when averaging their Placement Test and the grades of the first three quarters of their 7th grade Math class, or by recommendation of both 7th grade Math and Algebra 1 teachers. Students who qualify will then have the choice to take Algebra 1 or 8th grade Math.

Exemption from PE Requirements (K-8)

In order to be excused from participation in physical education, a student must present an appropriate excuse from his or her parent/guardian or from an independent medical provider within their scope of practice, licensed under the Medical Practice Act. The excuse may be based on medical or religious prohibitions. An excuse because of medical reasons must include a signed statement from an independent medical provider within their scope of practice, licensed under the Medical Practice Act, that corroborates the medical reason for the request. An excuse based on religious reasons must include a signed statement from a member of the clergy that corroborates the religious reason for the request.

Students with an Individualized Education Program may also be excused from physical education courses for reasons stated in Chapter 11.

Special activities in physical education will be provided for a student whose physical or emotional condition, as determined by a licensed independent medical provider within their scope of practice, licensed under the Medical Practice Act, prevents his or her participation in the physical education course.

State law prohibits the School District from honoring parental excuses based upon a student's participation in athletic training, activities, or competitions conducted outside the auspices of the School District.

Exemption From PE Requirement (HS)

In order to be excused from participation in physical education, a student must present an appropriate excuse from his or her parent/guardian or from an independent medical provider within their scope of practice, licensed under the Medical Practice Act. The excuse may be based on medical or religious prohibitions. An excuse because of medical reasons must include a signed statement from an independent medical provider within their scope of practice, licensed under the Medical Practice Act that corroborates the medical reason for the request. An excuse based on religious reasons must include a signed statement from a member of the clergy that corroborates the religious reason for the request.

A student in grades 11-12 may submit a written request to the building principal requesting to be excused from physical education courses for the reasons stated below.

1. Ongoing participation in an interscholastic athletic program;
 - If playing a fall sport, first semester PE may be waived. If playing a spring sport, second semester PE may be waived. If playing a winter sport, either first or second semester may be waived.
2. Enrollment in academic classes that are required for admission to an institution of higher learning; or
3. Enrollment in academic classes that are required for graduation from high school, provided that failure to take such classes will result in the student being unable to graduate.

Students with an Individualized Education Program may also be excused from physical education courses for reasons stated in Handbook Procedure. (Chapter 11)

A parent may request his or her child be exempted from some or all physical activities for one day without a doctor's note. However, the physical education teacher may still require the student to dress and may give the student an alternative assignment. Any additional days will require a physician note with specific information as a return to participation date. **On such occasions that a parent requests an exemption from part or all physical activities, the student cannot participate in any physical extracurricular activity during the time of the parent requested exemption.**

Special activities in physical education will be provided for a student whose physical or emotional condition, as determined by a person licensed under the Medical Practices Act, prevents his or her participation in the physical education course.

State law prohibits the School District from honoring parental excuses based upon a student's participation in athletic training, activities, or competitions conducted outside the auspices of the School District.

High School Graduation Requirements

A Chrisman High School student will be awarded a diploma if the student:

- Has earned a minimum of twenty-seven (27) credits (one-half of credit is awarded for the successful completion of each semester of school work including physical education which is now also one-half of credit per semester).
- Has passed an examination on patriotism and the principles of representative government, proper use of the flag, methods of voting, and the Pledge of Allegiance
- Filing for either the Free Application for Federal Student Aid (FAFSA), an application for State financial aid, or an ISBE waiver indicating that the student or parent/guardian understands what these aid opportunities are and has chosen not to file an application.
 - o Exemptions include if the student is unable to file due to extenuating circumstances, the principal attests the District made a good faith effort to assist in filing the application or waiver, and the student has met all other graduation requirements.
- Has completed these credit requirements:

English - 4 credits	Math - 3 credits
Science - 3 credits	Resource Management, or Ag Business, or Banking and Finance – 1/2 credit
Health Ed –1/2 credit	Computer Ed – 1/2 credit*

 - o Physical Education – 3 credits (if driver's ed and health were taken or unless granted a waiver)
 - o Social Science - 2 credits, which must include 1 credit (2 semesters) of American History and ½ credit (1 semester) of Civics.
 - o ½ credit of Computer Concepts OR Intro to Business
 - o 25 Volunteer/Community Service Hours

On registration day, if possible, a student will be enrolled in the classes he/she has selected. Students must be enrolled in a minimum of six (6) academic classes plus physical education, unless exempt, and have not more than one study hall unless given approval by the principal.

Early Graduation

Early graduation is bestowed on those students who have attained academic excellence and have met or exceeded the requirements necessary for graduation as set by the Edgar County CUSD #6 Board of Education and the Illinois State Board of Education. **It shall be the policy of Edgar County CUSD #6 to permit early graduation under the following guidelines:**

1. The student applies for early graduation prior to November 30th of their junior year, in which the student plans to graduate at the end of their 7th semester.
2. The student must provide CUSD #6 with reason(s) for early graduation. Acceptable reasons being:
 - a. To obtain a head start in post-secondary education, i.e., two-year or four-year institution, vocational trade school.
 - b. Hardship cases, such as a student needing employment before graduation. This will be left up to the discretion of the administrative staff.
3. Early graduates must take full responsibility to make arrangements with the high school office for anything pertaining to the graduation ceremony. (i.e. announcements, cap and gown rental, graduation practices, etc.)
4. A student who graduates early is eligible to walk with their class at the normal ceremony in May, provided they attend graduation practice. They are not eligible for any honors such as Valedictorian or Salutatorian status.
5. A student who graduates early is eligible to participate in Senior Trip. They will be invited to Prom. Senior Trip is a privilege that may be revoked if the student incurs legal issues after graduation, or violates any school policy.

Final approval for early graduation rests with the CUSD #6 Board of Education and administration.

Class Rank (HS)

Class rank will be determined after each semester. All final class rankings (including valedictorian and salutatorian) will be determined after eight (8) semesters. Until such time, finalists will be classified as valedictorian/salutatorian candidates. Students who take classes outside of the school district will receive credit if the course(s) are approved by the principal or counselor, however, these courses will not be considered in determining class rank.

Pass/Fail Classes

During a student's junior and senior years, they may elect to take one class per semester each year on a pass/fail basis. These classes cannot be one of the state-required courses necessary for graduation. It is the school's hope that this will encourage students to try to take a more difficult class that they might otherwise not take if they would be assigned a letter grade. A student will have up until the end of six (6) weeks into the first quarter of each semester to decide whether or not they wish to take the class as a pass/fail class or a traditional letter grade assigned class. **The counselor and office must then be notified of the intent to take a pass/fail class.** After the six-week time-frame has passed, only the principal may grant pass/fail status.

Illinois Virtual Course Catalog

With the principal and counselor's authorization, high school students may take online classes either through DACC or the Illinois Virtual Course Catalog. These classes must be signed up for by mid-term of the 1st or 3rd quarter. All online classes must be completed by the end of the semester. All of the virtual classes will be counted towards elective credits, but no virtual classes may take the place of any classes already offered by Chrisman High School. The fee for these classes, to be determined annually, will be paid in part by the Board of Education and in part by the student.

Class Status

Class status is the classification of a student. A student will be classified as a freshman, sophomore, junior, or senior according to the following requirements:

- To be classified as a freshman one must have successfully completed junior high and have been promoted to the ninth grade.
- To be classified as a sophomore, a student must have earned at least six (6) credits and have no more than a .5 (1/2) credit of unsuccessful completion of all required subjects;
- To be classified as a junior, a student must have earned at least thirteen (13) credits and have no more than a .5 (1/2) credit unsuccessful completion of all required subjects;
- To be classified as a senior, a student must have earned at least twenty (20) credits and have no more than a .5 (1/2) credit unsuccessful completion of all required subjects.

Grade Check

Beginning on Friday of the second full week of school, and every Friday of the school week for the remainder of the school semester, a grade check will be taken. Any student who is receiving a "D" or "F" in any class will be placed on the "D and F" list for that week. This list will be used to determine extracurricular eligibility.

GPA Calculation for Repeated Courses

Final grades for all courses previously completed and passed will remain the only grades on the official transcript and those grades will be recorded on the official transcript at the end of each (quarter/semester) grading period.

Any high school course taken which resulted in a failing grade may be re-taken to earn course credit for meeting graduation requirements. The grade for the course being re-taken will be an additional entry to the official transcript. A passing grade will be added with the previous failing grade and the GPA. Both the previous failing grade and the re-taken class grade will be entered into the Teacher Ease system to calculate the student's GPA.

Grading Scale

The following grading scale is used in grades K-12:

A= 92-100%	A- = 90-91%	
B+=89%	B= 82-88%	B-= 80-81%
C+=79%	C=72-78%	C-=70-71%
D+=69%	D=62-68%	D-=60-61%
F=59% and lower		

Grade Point Average

Grade point average is computed by assigning each grade earned a numerical value:

A = 12	B- = 8	D+ = 4
A- = 11	C+ = 7	D = 3
B+ = 10	C = 6	D- = 2
B = 9	C- = 5	F = 1

Honor Roll

The honor roll will be determined after each nine (9) week grading period. At the end of the second and fourth grading periods, a semester honor roll will be determined (high school). To qualify for the honor roll a student must have earned as many grades of "A" as he or she has "B". Example: 3 A's and 3 B's = honor roll; 3 A's and 4 B's does not qualify. High honors will also be determined in each honor roll period. To qualify for high honors a student must have grades of "A" or "A-" only. All classes, including physical education, will be considered when determining the honor roll.

Retention of Junior High Students

A student who fails two out of five core academic subjects shall be considered for retention. The core academic classes are mathematics, science, social studies, reading, and language arts.

Illinois law prevents a student's promotion to the next higher grade based upon age or any other social reason. Students shall be promoted based on demonstrated mastery of state-developed learning standards and report card grades.

To receive a passing final grade in a class, the student must achieve at least ONE of the following:

- Averaging all four quarter grades equally to be a 60% or higher AND has passed at least two of the four quarters
- On a four-point grading scale (A = 4, B = 3, C = 2, D = 1, F = 0), a student's quarter grades average above 0.75 AND has passed at least two of the four quarters.

The following steps will be used for all Junior High students who are in danger of academic retention:

- Parents/guardians and the student will be contacted at the end of each quarter when a student has failed multiple core classes.

- At the conclusion of third quarter, the parents/guardians will be informed in writing if the student is a candidate for retention and a conference may be scheduled with the parents/guardians, teachers, and the student to discuss the reasons for the student's educational concerns and the steps to be taken to correct the academic deficiencies.
- Within ten school days of the end of the year, parents will be notified as to the status regarding promotion and retention.

Report Cards

Report cards are issued approximately every nine (9) weeks.

Student Semester Exam Waiver Policy (HS)

****REMINDER - SEMESTER EXAM WAIVERS ARE A PRIVILEGE - NOT A RIGHT****

As a way of increasing good behavior, this incentive program will be offered to students as an opportunity to earn one or more waivers to opt-out of semester exams. These waivers must meet the following guidelines and are at the discretion of the administration.

Semester Exam Waivers – All Waivers Will be Issued by the Office

- Students that maintain 190 or more assertive discipline points for the semester will qualify to waive three semester exams if he/she maintains a grade of "B" or higher in the class to be waived.
- Students that maintain 175 to 189 assertive discipline points for the semester will qualify to waive two semester exams if he/she maintains a grade of "B" or higher in the class to be waived.
- Students that maintain 160-174 assertive discipline points for the semester will qualify to waive two semester exams if he/she maintains a grade of "B" or higher in the class to be waived.
- Students that receive any unexcused absences during the semester will be automatically disqualified from receiving any waivers.

*****Seniors 2nd Semester Only**

- If you would have been eligible to waive three exams – you can waive ALL if meet grade requirements
- If you would have been eligible to waive two exams – you can waive four if meet grade requirements
- If you would have been eligible to waive one exam – you can waive two if meet grade requirements

Driver's Education

In order for students to be eligible to participate in the behind the wheel portion of the Driver's Education curriculum, students need to be in good academic standing, passing all classes.

CHAPTER 3 – STUDENT ATTENDANCE

Attendance

Illinois law requires that whoever has custody or control of any child between six (by September 1st) and seventeen years of age shall assure that the child attends school in the district in which he or she resides, during the entire time school is in session (unless the child has already graduated from high school). Illinois law also requires that whoever has custody or control of a child who is enrolled in the school, regardless of the child's age, shall assure that the child attends school during the entire time school is in session.

Student Absences – Excused/Unexcused

Subject to specific requirements in State law, the following children are not required to attend public school: (1) any child attending a private school (including a home school) or parochial school, (2) any child who is physically or mentally unable to attend school (including a pregnant student suffering medical complications as certified by her physician), (3) any child lawfully and necessarily employed, (4) any child over 12 and under 14 years of age while in confirmation classes, (5) any child absent because of religious reasons, including to observe a religious holiday, for religious instruction, or because his or her religion forbids secular activity on a particular day(s) or time of day, and (6) any child 16 years of age or older who is employed and is enrolled in a graduation incentives program.

For students who are required to attend school there are two types of absences: excused and unexcused. Excused absences include: illness (including up to 5 days per school year for mental or behavioral health of the student), attendance at a verified medical or therapeutic appointment (including a victim services provider), observance of a religious holiday or event, death in the immediate family, family emergency, situations beyond the control of the student as determined by the school board, circumstances that cause reasonable concern to the parent/guardian for the student's mental, emotional, or physical health or safety, attending a military honors funeral to sound TAPS, attend a civic event, or other reason as approved by the building principal. For students who are parents, expectant parents, or victims of domestic or sexual violence, an excused absence includes the fulfillment of a parenting responsibility and addressing circumstances resulting from domestic or sexual violence. Students eligible to vote are also excused for up to two hours to vote in a primary, special, or general election.

Additionally, a student will be excused for up to 5 days in cases where the student's parent/guardian is an active duty member of the uniformed services and has been called to duty for, is on leave from, or has immediately returned from deployment to a combat zone or combat-support postings. The Board of Education, in its discretion, may excuse a student for additional days relative to such leave or deployment. A student and the student's parent/guardian are responsible for obtaining assignments from the student's teachers prior to any excused absences and for ensuring that such assignments are completed by the student prior to his or her return to school.

Students who are excused from school will be given a reasonable timeframe to make up missed homework and classwork assignments

The school may require documentation explaining the reason for the student's absence. Beyond 9 excused/unexcused absences will result in documentation excusing the absence. Parent request may not qualify as an excused absence after the 9th excuse/unexcused absence.

In the event of any absence, the student's parent/guardian is required to call the school at [phone number] before 8:00 a.m. to explain the reason for the absence. If a call has not been made to the school by 10:00 a.m. on the day of a student's absence, a school official will call the home to inquire why the student is not at school. If the parent/guardian cannot be contacted, the student will be required to submit a signed note from the parent/guardian explaining the reason for the absence. Failure to do so shall result in an unexcused absence. Upon request of the parent/guardian, the reason for an absence will be kept confidential. **Doctor notes must be received the day of the student returning to school. The note should include the dates in which the student's absence is excused by the doctor/medical professional.**

Diagnostic Procedures for Identifying Student Absences and Support Services to Truant or Chronically Truant Students

State law requires every school district to collect and review its chronic absence data and determine what systems of support and resources are needed to engage chronically absent students and their families to encourage the habit of daily attendance and promote success. This review must include an analysis of chronic absence data from each attendance center.

Furthermore, State law provides that school districts are encouraged to provide a system of support to students who are at risk of reaching or exceeding chronic absence levels with strategies and are also encouraged to make resources available to families such as those available through the State Board of Education's Family Engagement Framework to support and engage students and their families to encourage heightened school engagement and improved daily school attendance.

"Chronic absence" means absences that total 10% or more of school days of the most recent academic school year, including absences with and without valid cause, and out-of-school suspensions.

The School and District use the following diagnostic procedures for identifying the causes of unexcused student absences: Interviews with the student, his or her parent/guardian and any school officials who may have information about the reasons for the student's attendance problems.⁴

Supportive services to truant or chronically truant students include: parent conferences, student counseling, family counseling, and information about existing community services.

Absence from or Tardy to School on Day of Extracurricular or Athletic Activity

In order to participate in a scheduled contest on a particular day, the student must attend school for a full day on the day of the contest or activity. A student who is absent from school or tardy to school after 8:38 am (7:38 am for English 410 students) is ineligible for any extracurricular or athletic activity on that day unless the absence has been approved by the principal. Exceptions may include: 1) a pre-arranged, or unexpected medical absence; 2) a death in the student's family, or 3) a religious ceremony or event.

A student who has been suspended from school is also suspended from participation in all extracurricular and athletic activities for the duration of the suspension.

A student who is absent from school on a Friday before a Saturday event may be withheld from Saturday extracurricular or athletic activities at the sole discretion of the designated teacher, sponsor or coach.

A student whose absence is unexcused will not be able to participate or attend any after-school activity that a grade is to be awarded for in a particular class, and will not earn any credit for that assignment.

Students under the Return-to-Learn Concussion Protocol at either Phase 1 or Phase 2, in which they are not attending full school days, are not to attend extracurricular events after school. This includes practices, games, or events. Once moving to Phase 3 and attending school for full days, they may resume attending extracurricular events.

Late Arrival

If a student arrives at school late, the student shall report to the office before going to class. Each student is to be in his/her assigned classroom by 8:00 am. After 8:00 am, students shall be marked tardy. On a full-attendance day, students reporting to school after 9:06 am and before 11:49 am will be charged with a half (1/2) day absence. A full-time student reporting to school after 11:49 am will be charged a full day's absence.

On a full-attendance day, if a student misses any more than an hour during the middle or at the end of a school day, they will be charged with a half (1/2) day or more absence.

Co-op students and Health Occupation students arriving at school after 8:30 am are not allowed to go to work or attend Health Occupational classes in the afternoon. Pre-arranged appointments are excluded from this rule.

Prearranged Absence

A pre-arranged absence requires a note or phone call from the student's parent/guardian stating the reason for the absence. Such absences may be treated by school officials as either excused or unexcused depending upon the reason. **Doctor/Dental appointments and other necessary business should, however, be arranged outside school hours whenever possible** When a pre-arranged absence is approved (not necessarily excused) the student will receive a prearranged form from the office.

All pre-arrangements **must be made one (1) day in advance**. Each teacher will determine whether work needs to be completed prior to the absence. All pre-arranges require signatures from each teacher involved in the absence. Students must obtain signatures from teachers at appropriate times, i.e., beginning or end of a class period, during the teacher's planning time, at breakfast or lunch, or before or after school. The student shall return the prearranged form to the office prior to the absence; failure to return it may result in an unexcused absence. When the pre-arranged absence is for a medical or dental appointment, an appointment card should be presented or parents are required to call the office prior to the appointment. If no appointment card is submitted prior, then a doctor's proof of visit is required upon the student's return.

College Days & Job Shadowing

High school students in grades 10-12 are entitled to pre-arranged absences each year for the purpose of visiting college campuses or shadowing someone in a future career (which will not affect their semester exam waivers). In order to arrange for this, the student must: (1) meet with the counselor, (2) fill out the school paperwork and have it signed by a parent or guardian, (3) obtain a pre-arranged form to be signed by all of the teachers, and (4) be passing all classes prior to taking the day, and (5) return within 3 days the school paperwork signed by an Admissions Officer or Employer.

Students requesting to Job Shadow may not shadow a member of their family nor can they shadow a place of current or past employment.

Sophomore students will receive 1 day.

Juniors and Seniors will receive 2 days.

Vacation Leave

Students are allowed to make an application to the principal for an approved vacation leave with written notification. Pre-arranged forms must be obtained in the office and returned at least one week prior to the absence. Students will be expected to obtain assignments before leaving

and turn in completed work upon return to classes. While this absence may be excused, it still counts towards the number of days a student misses and may eliminate them from receiving some rewards or attending some school function, i.e., senior trip. Absences accrued for vacations that make the total students absences beyond 9 will be unexcused.

Illness at School and/or Leaving School Early

A student who becomes ill at school shall report the illness to his/her teacher, who in turn shall direct the student to the school nurse, secretary, or principal as appropriate. Each student who wishes to leave school during the day due to illness shall report to the office, and the school nurse shall be called to determine if the student's request to go home is warranted. The student, if determined by the nurse to be allowed to go home, must sign out. **STUDENTS ARE NOT TO CALL HOME TO ASK PARENTS TO COME AND PICK THEM UP UNLESS IN THE OFFICE AND DIRECTED BY STAFF.** If proper check-out procedures are not followed, the absence will be treated as unexcused. If the student is ill, the office shall inform the student's parent before the student is released.

Tardy

Students who arrive at school late or are late to any class are considered tardy. There are two types of tardies – tardy to school and tardy to class. When a student arrives at school late (during Homeroom) the student should report to the office. If a student is tardy to any class after arriving at school, the student should report directly to their classroom where the teacher will issue the tardy slip. Excessive tardiness to school will not be tolerated. After receiving a 3rd tardy in one quarter, and every subsequent tardy in that quarter will be a 3 point deduction of their assertive discipline points. A 4th tardy and every subsequent tardy per quarter will be an Office Referral. If a student exceeds this, further discipline may follow at the discretion of the administration, including but not limited to: referral to truancy officer, in-school suspension, parent meeting, etc.

Truancy

Student attendance is critical to the learning process. Truancy is therefore a serious issue and will be dealt with in a serious manner by the school and district. Students who miss more than 1% but less than 5% or more of the prior 180 regular school days without valid cause (a recognized excuse) are considered truant. Students who miss 5% or more of the prior 180 regular school days without valid cause are chronic truants. Students who are chronic truants will be offered support services and resources aimed at correcting the truancy issue. If chronic truancy persists after support services and other resources are made available, the school and district will take further action, including:

- Referral to the truancy officer
- Reporting to officials under the Juvenile Court Act
- Referral to the State's Attorney
- Appropriate school discipline

A parent or guardian who knowingly and willfully permits a child to be truant is in violation of State law.

Release Time for Religious Instruction & Observance

A student will be released from school, as an excused absence, to observe a religious holiday or for religious instruction. The student's parent/guardian must give written notice to the building principal at least 5 calendar days before the student's anticipated absence(s). Students excused for religious reasons will be given an opportunity to make up all missed work, including homework and tests, for equivalent academic credit.

Make-Up Work

If a student's absence is excused or if a student is suspended from school, he/she will be permitted to make up all missed work, including homework and tests. The student will be permitted the same number of days as he/she was absent to turn in the make-up work. The student is responsible for obtaining assignments from his/her teachers. Students whose absence is considered unexcused may not be allowed to make up missed work in accordance with the individual teacher policy.

If a student is scheduled for a test or has been given an assignment before an absence occurs, then the student must take the test or turn in the assignment on the day that the student returns.

Home and Hospital Instruction

A student who is absent from school, or whose physician, physician assistant or licensed advance practice registered nurse anticipates his or her absence from school, because of a medical condition may be eligible for instruction in the student's home or hospital.

Appropriate educational services from qualified staff will begin no later than five school days after receiving a written statement from a physician, physician assistant, or licensed advanced practice registered nurse. Instructional or related services for a student receiving special education services will be determined by the student's individualized education program.

A student who is unable to attend school because of pregnancy or pregnancy-related conditions, the fulfillment of parenting obligations related to the health of the child, or health and safety concerns arising from domestic or sexual violence will be provided home instruction under the following circumstances:

1. Before the birth of the child when the student's physician, physician assistant, or advanced practice registered nurse indicates, in writing, that she is medically unable to attend regular classroom instruction.
2. For up to three months after the child's birth or a miscarriage.
3. When a student must care for his or her ill child if:
 - a. The child's physician, physician assistant, or advanced practice registered nurse informs the school, in writing, that the child has a serious health condition that would require the student to be absent from school for two or more consecutive weeks; and
 - b. The student or the student's parent/guardian informs the school, in writing, that the student needs to care for the child during this period.
4. The student must treat physical or mental health complications or address safety concerns arising from domestic or sexual violence when a health care provider or an employee of the student's domestic or sexual violence organization informs the school in writing that the care is needed by the student and will cause the student's absence from school for two or more consecutive weeks.
The school may reassess home instruction provided to a student under No. 3 or No. 4 every two months to determine the student's continuing need for home instruction.

Periodic conferences will be held between appropriate school personnel, parent(s)/guardian(s), and hospital staff to coordinate course work and facilitate a student's return to school.

For information on home or hospital instruction, contact the building principal.

CHAPTER 4 – STUDENT FEES AND MEAL COSTS

The school establishes fees and charges to fund certain school activities. Students will not be denied the opportunity to participate in curricular and extracurricular programs of the school district due to the inability of their parent or guardian to pay fees or certain charges. Students whose parent or guardian is unable to afford student fees may receive a fee waiver. A fee waiver applies to all fees related to school, instruction, and extracurricular activities.

Applications for fee waivers may be obtained from the school office and may be submitted by a parent or guardian of a student who has been assessed a fee. As student is eligible for a fee waiver if at least one of the following prerequisites is met:

1. The student currently lives in a household that meets the same income guidelines, with the same limits based on household size, that are used for the federal free meals programs;
2. The student's parent is a veteran or active-duty military personnel with income at or below 200% of the federal poverty line;
3. The student is homeless, as defined by the Mc-Kinney-Vento Homeless Assistance Act.

The building principal will give additional consideration where one or more of the following factors are present:

- An illness in the family;
- Unusual expenses such as fire, flood, storm damage, etc.;
- Unemployment;
- Emergency situations; or
- When one or more of the parents/guardians are involved in a work stoppage.

The building principal will notify the parent/guardian promptly as to whether the fee waiver request has been granted or denied. Questions regarding the fee waiver application process or an appeal of the District's decision to deny a fee waiver should be addressed to the Building Principal. Pursuant to the Hunger-Free Students' Bill of Rights Act, the school is required to provide a federally reimbursable meal or snack to a student who requests one, regardless of whether the student has the ability to pay for the meal or snack or owes money for earlier meals or snacks. Students may not be provided with an alternative meal or snack and the school is prohibited from publicly identifying or stigmatizing a student who cannot pay for or owes money for a meal or snack.³

Fines for loss or damage to school property are waived for students who meet certain eligibility guidelines.

School Breakfast & Lunch Program

Breakfast is served every school day, 7:45-8:00 for the JH and HS. . Lunch is served every school day from 11:31-12:01 pm (JH) and 12:17-12:47 pm (HS), except when there is an early dismissal. No lunch is served on 11:50 dismissal days.

The district participates in the National School Lunch Program. Food from outside vendors cannot deliver to students as per CUSD #6 Board of Education policy. Immediate family members may bring food to their children, a student may bring a sack lunch from home or may purchase lunch at school (milk is included in the price).

Free or reduced-price meals are available for qualifying students. To qualify, a student must either have direct certification status through the State of Illinois or submit an application to the school office. Foster children or students designated as homeless by the school homeless liaison officer automatically qualify for benefits. **All families that feel they may meet the qualification to receive these free or reduced benefits are encouraged to apply. If families are unsure, contact Stephanie Mitchell, the school free/reduced program coordinator, at 217-269-2022.**

A student may purchase breakfast for \$2.25. Breakfast may be purchased on a weekly basis for \$11.25 A student may bring a sack lunch from home or may purchase a school lunch for \$3.25 and/or milk for \$0.35. Lunch may be purchased on a weekly basis for \$16.25. Free or reduced-price meals are available for qualifying students. (All prices are subject to change before the start of the school year)

A la carte/Extra Servings - A la carte items, as well as extra servings, may be purchased, when offered, for a nominal fee.

Free and Reduced-Price Food Services; Meal Charge Notifications

The following notification is provided to all households of students at the beginning of each school year as federally required notification regarding eligibility requirements and the application process for the free and reduced-price food services that are listed in Board policy 4:130, Free and Reduced-Price Food Services, and 4:140, Waiver of Student Fees. This notification is also provided to households of students transferring to the District during the school year. For more information, see www.fns.usda.gov/school-meals/unpaid-meal-charges, and/or contact the Building Principal or designee.

Free and Reduced-Price Food Services Eligibility

When the parents/guardians of students are unable to pay for their child(ren)'s meal services, meal charges will apply per a student's eligibility category and will be processed by the District accordingly.

A student's eligibility for free and reduced-price food services shall be determined by the income eligibility guidelines, family-size income

standards, set annually by the U.S. Dept. of Agriculture, and distributed by the Il. State Board of Education.

Meal Charges for Meals Provided by the District

The Building Principal and District staff will work jointly to prevent meal charges from accumulating. Every effort to collect all funds due to the District will be made on a regular basis and before the end of the school year. Contact your Building Principal or designee about whether your child(ren)'s charges may be carried over at the end of the school year, i.e., beyond June 30th.

Unpaid meal charges are considered delinquent debt when payment is overdue as defined by Board policy 4:45, Insufficient Fund Checks and Debt Recovery and the Hunger-Free Students' Bill of Rights Act (105 ILCS 123/). The District will make reasonable efforts to collect charges classified as delinquent debt, including repeated contacts to collect the amounts and, when necessary, requesting that the student's parent(s)/guardian(s) apply for meal benefits to determine if the student qualifies for such benefits under Board policy 4:130, Free and Reduced-Price Food Services. The District will provide a federally reimbursable meal or snack to a student who requests one, regardless of the student's ability to pay or negative account balance.

When a student's funds are low and when there is a negative balance, reminders will be provided to the staff, students, and their parent(s)/guardian(s) at regular intervals during the school year. State law allows the Building Principal to contact parents(s)/guardian(s) to attempt collection of the owed money when the amount owed is more than the amount of five lunches. If a parent/guardian regularly fails to provide meal money for the child(ren) that he/she is responsible for in the District and does not qualify for free meal benefits or refuses to apply for such benefits, the Building Principal or designee will direct the next course of action. Continual failure to provide meal money may require the District to notify the Ill. Dept. of Children and Family Services (DCFS) and/or take legal steps to recover the unpaid meal charges, up to and including seeking an offset under the State Comptroller Act, if applicable.

Cafeteria Rules

- No student is permitted to leave campus during breakfast/lunch.
- All students are to remain in the cafeteria unless other arrangements are made with the supervisor, assistant principal/dean of students, or principal.
- Everyone at each table is responsible for cleaning up after themselves.
- Keep voices at a conversational level and discuss appropriate topics.

Use of Vending Machines

There are two vending machines available on campus. The use of the vending machines is limited to before and after school.

CHAPTER 5 – TRANSPORTATION AND PARKING

Bus Transportation

The district provides bus transportation to and from school for all students living 1.5 miles or more from the school. A list of bus stops will be published at the beginning of the school year before student registration. Parents must, at the beginning of the school year, select one bus stop at which a student is to be picked up, and one stop at which a student is to be dropped off. Students are not permitted to ride a bus other than the bus to which they are assigned. Exceptions must be approved in advance by the building principal.

While students are on the bus, they are under the supervision of the bus driver. In most cases, bus discipline problems can be handled by the bus driver. In the case of a written disciplinary referral, student bus problems will be investigated and handled by the building principal.

Students are expected to follow all school rules while on the bus. Students may be suspended from riding the school bus for up to 10 consecutive school days for violating school rules or for engaging in other gross disobedience or misconduct. The school board may suspend the student from riding the school bus for a period in excess of 10 days for safety reasons. The district's regular suspension procedures shall be used to suspend a student's privilege to ride a school bus.

A student who is suspended from riding the school bus and who does not have alternative transportation to school shall be allowed the opportunity to make up all missed work for equivalent academic credit. It is the responsibility of the student's parent or guardian to notify the school that the student does not have alternative transportation to school.

In the interest of the student's safety and in compliance with state law, students are also expected to observe the following:

1. Be aware of moving traffic and pay attention to your surroundings.
2. Dress properly for the weather. Make sure all drawstrings, ties, straps, etc. on all clothing, backpacks and other items, are shortened or removed to lessen the likelihood of them getting caught in bus doors, railings or aisles.
3. Arrive on time at the bus stop and stay away from the street while waiting for the bus.
4. Stay away from the bus until it stops completely and the driver signals you to board. Enter in single-file without pushing. Always use the handrail.
5. Take a seat right away and remain seated facing forward. Keep your hands, arms, and head inside the bus.
6. Talk quietly on the bus. No shouting or creating loud noises that may distract the driver. Tablets, computers, smart phones, smart watches, and other electronic devices must be silenced on the bus unless a student uses headphones.
7. Help keep the bus neat and clean. Keep belongings out of the aisle and away from emergency exits. Eating and drinking are not allowed on the bus.
8. Always listen to the driver's instructions. Be courteous to the driver and other students. Sit with your hands to yourself and avoid making noises that would distract the driver or bother other passengers.
9. Wait until the bus pulls to a complete stop before standing up. Use the handrail when exiting the bus.
10. Stay out of the danger zone next to the bus where the driver may have difficulty seeing you. Take at least five giant steps (10 feet) away from the bus and out of the danger zone, until you can see the driver and the driver sees you. Never crawl under a bus.
11. If you must cross the street after you get off the bus, wait for the driver's signal and then cross in front of the bus. Cross the street only after checking both ways for traffic, even after the driver's signal.
12. Never run back to the bus, even if you dropped or forgot something.

Video and audio cameras may be active on busses to record student conduct and may be used for the purposes of an investigation into misconduct or accidents on the bus. For questions regarding school transportation issues, contact:

Bus Dismissal Procedure

JH/HS students will exit through the main entrance to load the buses. Buses pick up at the Elementary School first & then the JH/HS building.

Bus Conduct

Students are expected to follow all schools when riding the school bus. A student may be suspended from riding the bus for up to 10

consecutive school days for engaging in gross disobedience or misconduct, including but not limited to, the following:

1. Violating any school rule or school district policy.
2. Willful injury or threat of injury to a bus driver or to another rider.
3. Willful and/or repeated defacement of the bus.
4. Repeated use of profanity.
5. Repeated willful disobedience of a directive from a bus driver or other supervisor.
6. Such other behavior as the building principal deems to threaten the safe operation of the bus and/or its occupants.

If a student is suspended from riding the bus for gross disobedience or misconduct on a bus, the School Board may suspend the student from riding the school bus for a period in excess of 10 days for safety reasons.

A student suspended from riding the bus who does not have alternate transportation to school shall have the opportunity to complete or make up work for equivalent academic credit. It shall be the responsibility of the student's parent or guardian to notify the school that the student does not have alternate transportation.

Student Driving & Parking

Students are assigned a designated parking space, pay an annual fee of \$10.00 and receive a parking tag to be displayed in their vehicle at all times. There is also a \$5.00 additional fee assessed at the end of the school year for any lost parking passes. Students who drive to school are subject to the following regulations:

- The student must provide a valid driver's license and adequate personal liability and property damage insurance. Both documents will be copied for the student file.
- As part of the yearly registration process, the student and parent must initial the student driver permission form indicating they have read and fully understood all regulations for student drivers.
- At dismissal, no private vehicles shall leave until the busses have loaded and departed unless directed to do so by the person in charge of dismissing the parking lot.
- The first rows on the south side of the parking lot and the front row will be designated for work-study, health occupations, ECCEL, and/or English 410 students.
- Students are not permitted to access their cars during the school day without permission from the office;
- Students who request permission to drive to/from school agree to submit to any random drug testing if selected to do so.
- Students must park their vehicles in the designated lot and space assigned. Vehicles must be parked between the painted lines, and must be driven under the speed limit of 5 miles per hour while in the lot. Vehicles should be driven safely and must yield to pedestrians. Repeated failure to follow parking rules can result in revocation of parking privilege. Students observed driving recklessly in the parking lot may be subject to disciplinary action.
- The school is not responsible for student vehicles, any possessions left in them, or anything attached to the vehicles. Students park their vehicles on or near school property at their own risk. Students should be aware their vehicles are not protected in any way while in the parking lot, and items of value should not be left in or near the vehicle while unattended.
- Students have no reasonable expectation of privacy in cars parked on school grounds. School lots are regularly searched by contraband dogs, administration, and police officers. Students should be aware that items and spaces on school grounds are subject to search and view by others, and that prohibited items discovered during the course of a search may result in discipline, including, but not limited to, expulsion from school.
- Vehicles may not be parked or located in the bus lanes or fire lanes at any time. Bus lanes and fire lanes are clearly marked. Vehicles located in these locations may be ticketed and/or towed by the police.
- Failure to maintain at least 80 assertive discipline points may result in loss of parking privileges for a period of time determined by administration.

Video cameras will be active in parking lots and will be used for the purposes of an investigation into student misconduct. Discipline for misconduct includes all disciplinary measures in the assertive discipline policy and/or withdrawal of parking privileges.

Diesel Vehicles

Student driving diesel vehicles that require plugging into an electrical outlet during the winter months will be designated parking spots next to the red barn. These students will mark this intention in their registration paperwork and pay a \$25 fee. Students are to provide their own cable.

CHAPTER 6 – HEALTH AND SAFETY

Required Health Examinations & Immunizations

All students are required to present appropriate proof of a health examination and the immunizations against, and screenings for, preventable communicable diseases within one year prior to:

1. Entering kindergarten;
2. Entering the sixth and ninth grades; and
3. Enrolling in an Illinois school for the first time, regardless of the student's grade.

Proof of immunization against meningococcal disease is required for students in grades 6 and 12. A diabetes screening must be included as part of the health exam (though diabetes testing is not required). Students between the age of one and seven must provide a statement from a physician assuring that the student was "risk-assessed" or screened for lead poisoning. An age-appropriate developmental screening and an age-appropriate social and emotional screening are required parts of each health examination.

Failure to comply with the above requirements by the first day of school will result in the student's exclusion from school until the required health forms are presented to the school, subject to certain exceptions. A student will not be excluded from school due to his or her parent/guardian's failure to obtain a developmental screening or a social and emotional screening. **If the student is unable to complete the physical and/or immunizations by the 1st day of school, documentation of an appointment must be provided in order for your child to start school.** New students who register mid-term have 30 days following registration to comply with the health examination and immunization requirements. The schedule and statement of medical reasons must be signed by an appropriate medical professional.

Eye Examination

All students entering kindergarten or the school for the first time must present proof by October 15 of the current school year of an eye examination performed within one year. Failure to present proof by October 15, allows the school to hold the student's report card until the student presents: (1) proof of a completed eye examination, or (2) that an eye examination will take place within 60 days after October 15.

Dental Examination

All students entering kindergarten, second, sixth, and ninth grades must present proof by May 15 of the current school year of having been examined by a licensed dentist within the last 18 months. Failure to present proof allows the school to hold the child's report card until the student presents: (1) proof of a completed dental examination, or (2) that a dental examination will take place within 60 days after May 15.

Exemptions

A student will be exempted from the above requirements for:

1. Medical grounds if the student's parent/guardian presents to the building principal a signed statement explaining the objection;
2. Religious grounds if the student's parent/guardian presents to the building principal a completed Certificate of Religious Exemption;
3. Health examination or immunization requirements on medical grounds if a physician provides written verification;
4. Eye examination requirement if the student's parent/guardian shows an undue burden or lack of access to a physician licensed to practice medicine in all of its branches who provides eye examinations or a licensed optometrist; or
5. Dental examination requirement if the student's parent/guardian shows an undue burden or a lack of access to a dentist.

Student Medication

Taking medication during school hours or during school-related activities is prohibited unless it is necessary for a student's health and well-being. When a student's licensed health care provider and parent/guardian believe that it is necessary for the student to take a medication during school hours or school-related activities, the parent/guardian must request that the school dispense the medication to the child by completing a "School Medication Authorization Form."

No school or district employee is allowed to administer to any student, or supervise a student's self-administration of, any prescription or non-prescription medication until a completed and signed School Medication Authorization Form is submitted by the student's parent/guardian. No student is allowed to possess or consume any prescription or non-prescription medication on school grounds or at a school-related function other than as provided for in this procedure.

Self-Administration of Medication

A student may possess and self-administer an epinephrine injector (e.g., EpiPen®) and/or an asthma inhaler or medication prescribed for use at the student's discretion, provided the student's parent/guardian has completed and signed a School Medication Authorization Form.

Students who are diabetic may possess and/or self-administer diabetic testing supplies, equipment, and insulin if authorized by the student's diabetes care plan, which must be on file with the school.

Students with epilepsy may possess and/or self-administer supplies, equipment and medication, if authorized by the student's seizure action plan, which must be on file with the school.

Students may self-administer (but not possess on their person) other medications required under a qualified plan, provided the student's parent/guardian has completed and signed a School Medication Authorization Form.

The school district shall incur no liability, except for willful and wanton conduct, as a result of any injury arising from a student's self-administration of medication, including asthma medication or epinephrine injectors, or medication required under a qualifying plan. A student's parent/guardian must indemnify and hold harmless the school district and its employees and agents, against any claims, except a claim based on willful and wanton conduct, arising out of a student's self-administration of an epinephrine injector, asthma medication, and/or a medication required under a qualifying plan.

Administration of Medical Cannabis

In accordance with the Compassionate Use of Medical Cannabis Program, qualifying students are allowed to utilize medical cannabis infused products while at school and school events. Please contact the building principal for additional information. Discipline of a student for being administered a product by a designated caregiver pursuant to this procedure is prohibited. The District may not deny a student attendance at a school solely because he or she requires administration of the product during school hours.

Undesignated Medications

The school may maintain the following undesignated prescription medications for emergency use: (1) Asthma medication; (2) Epinephrine injectors; (3) Opioid antagonists; and (4) Glucagon. No one, including without limitation, parents/guardians of students, should rely on the school or district for the availability of undesignated medication. This procedure does not guarantee the availability of undesignated medications. Students and their parents/guardians should consult their own physician regarding these medication(s).

Emergency Aid to Students

Nothing in this policy shall prohibit any school employee from providing emergency assistance to students, including administering medication.

Guidance & Counseling

The school provides a guidance and counseling program for students. The school's counselors are available to those students who require additional assistance.

Under Illinois law, any student 12 years of age or older may receive counseling services without consent of the student's parent/guardian. However, until the consent of the student's parent/guardian has been obtained, counseling services provided to a student under the age of 17 are generally limited to not more than eight 90-minute sessions.

Under Illinois law, any student 12 years of age or older may receive counseling services without consent of the student's parent/guardian. However, until the consent of the student's parent/guardian has been obtained, counseling services provided to a student under the age of 17 are generally limited to not more than eight 90-minute sessions.

The guidance program is available to assist students in identifying career options consistent with their abilities, interests, and personal values. Students are encouraged to seek the help of counselors to develop class schedules that meet the student's career objectives. High school juniors and seniors have the opportunity to receive college and career-oriented information. Representatives from colleges and universities, occupational training institutions and career-oriented recruiters, including the military, may be given access to the school campus in order to provide students and parents/guardians with information.

Students Who are Parents, Expectant Parents, or Victims of Domestic or Sexual Violence

Domestic and sexual violence affect a student's ability to learn. Students who are parents or expectant parents have unique needs. Providing support services that enable students who are parents, expectant parents, or victims of domestic or sexual violence (Article 26A Students) to succeed in school are important school and district goals and are required by law.

Requesting Support Services

To facilitate the full participation of Article 26A Students, the school district provides in-school support services and information regarding non-school-based support services. Article 26A Students are also able to make up work missed on account of circumstances related to their status as a parent, expectant parent, or victim of domestic or sexual violence.

In-school support services include, but are not limited to, enabling a student to meet with counselors or other service providers, excusing the student from class as necessary for circumstances consistent with their Article 26A status, and assisting students with the development of a student success plan

An Article 26A Student and/or their parent/guardian may request a complete copy of the District's policies related to Article 26A Students and information on support services by contacting the Article 26A Resource Person listed below.

An Article 26A Student and/or their parent/guardian may file a complaint for violations of this procedure with the Nondiscrimination Coordinator, Title IX Coordinator, Building Principal, Assistant Building Principal, Dean of Students, a Complaint Manager, or any employee with whom the person is comfortable speaking.

Retaliation against an Article 26A Student or their parent/guardian for exercising or attempting to exercise their rights under this procedure is prohibited. Individuals should report allegations of retaliation to the Building Principal, an administrator, the Nondiscrimination Coordinator, and/or a Complaint Manager.

Safety Drill Procedures

Safety drills will occur at times established by the administration. Students are required to be silent and shall comply with the directives of school officials during emergency drills. There will be a minimum of three (3) evacuation drills, a minimum of one (1) severe weather (shelter-in-place) drill, a minimum of one (1) law enforcement drill, and a minimum of one (1) bus evacuation drill each school year. There may be other drills at the direction of the administration. Drills will not be preceded by a warning to the students.

Communicable Disease

The school will observe recommendations of the Illinois Department of Public Health regarding communicable diseases.

1. Parents are required to notify the school nurse if they suspect their child has a communicable disease.
2. In certain cases, students with a communicable disease may be excluded from school or sent home from school following notification of the parent or guardian.
3. The school will provide written instructions to the parent and guardian regarding appropriate treatment for the communicable disease.
4. A student excluded because of a communicable disease will be permitted to return to school only when the parent or guardian brings to the school a letter from the student's doctor stating that the student is no longer contagious or at risk of spreading the communicable disease.

Head Lice

The school will observe recommendations of the Illinois Department of Public Health regarding head lice.

1. Parents are required to notify the school nurse if they suspect their child has head lice.
2. Parents of an infested student will be notified and recommend the student be removed from school until the student is lice-free.
3. The school will provide written instructions to parents or guardians regarding appropriate treatment for the infestation.

Disabilities

The school district does not discriminate on the basis of disability in admission to, access to, or operations of its programs, services or activities, nor does it discriminate on the basis of disability in its hiring or employment practices. This notice is provided as required by Title II of the Americans with Disabilities Act of 1990 (ADA). Questions, concerns, complaints, or requests for additional information regarding the ADA may be forwarded to the district's designated ADA Compliance Coordinator: Mr. James Acklin, Chrisman Community Unit School District #6, 23231 Illinois Highway 1, Chrisman, IL 61924. Individuals who need auxiliary aids for effective communication in programs and services are invited to make the needs and preferences known to the Compliance Coordinator. This notice is available in large print, on audiotape, and in Braille from ADA Compliance Coordinator. Disability accommodations are available at all parent conferences, school programs, and school board meetings.

Suicide and Depression Awareness & Prevention

Youth suicide impacts the safety of the school environment. It also affects the school community, diminishing the ability of surviving students to learn and the school's ability to educate. Suicide and depression awareness and prevention are important goals of the school district. The school district maintains student and parent resources on suicide and depression awareness and prevention.

Targeted School Violence Prevention Program

Threats and acts of targeted school violence harm the District's environment and school community, diminishing students' ability to learn and a school's ability to educate. Providing students and staff with access to a safe and secure environment is an important goal of the School and District. While it is not possible to completely eliminate threats, the School and District maintain a Targeted School Violence Prevention Program and a Threat Assessment Team to reduce these risks to its environment.

Parents/guardians and students are encouraged to report any expressed threats or behaviors that may represent a threat to the community, School, or self. Reports can be made to any school administrator, law enforcement authorities, or the Safe2Help Illinois helpline (www.safe2helpil.com/).

Students and parents are urged to participate in behavioral threat assessment and intervention programs if the Behavioral Threat Assessment Team believes that intervention is necessary to prevent a student from harming themselves or others. However, if for some reason there is a reluctance to participate in the process by the threat maker(s) or parent/guardian(s), the threat assessment process will continue in order to ensure a safe and caring learning environment for all.

For further information, please contact the Building Principal

Targeted School Violence Prevention and Threat Assessment Education

Student safety is our District's top priority. To maximize safety, the District uses a threat assessment process to identify threats and prevent targeted school violence. This process is part of the Targeted School Violence Prevention Program (Program). For more information, see Board policy 4:190, Targeted School Violence Prevention Program. The Program is part of the preparedness and response phases of the School Emergency Operations and Crisis Response Plan, which in turn is part of the District's Comprehensive Safety and Security Plan.

The District wishes to create a climate that encourages sharing any information about a safety concern with a trusted adult who can help. Sharing information about threats and safety concerns is everyone's responsibility: students, parents/guardians, staff, and community members. The question-and-answer section below is designed to help students, parents/guardians, and staff understand when school officials want individuals to share information about a safety concern.

What Is a Threat?

A threat is a concerning communication or behavior that indicates that an individual may pose a danger to the safety of school staff or students through acts of violence or other behavior that could cause harm to self or others. It may be expressed/communicated behaviorally, orally, visually, in writing, electronically, or in another way. Threats may be direct ("I'm going to beat you up" or "I'm going to blow this place up!") or indirect ("Come and watch what I am going to do to her"). A threat can be vague ("I'm going to hurt him.") or implied ("You better watch out."). Any possession of a weapon or mention of one is a possible threat.

A threat is a threat regardless of whether it is observed by or communicated directly to the target of the threat or is observed by or communicated to a third party; and regardless of whether the target of the threat is aware of the threat.

Sometimes students make threats that may seem funny or "joking," but sometimes a threat is very serious and/or criminal. When you are in doubt as to whether the statement is kidding or serious, the responsible thing to do is to tell the Principal or other responsible staff member.

What Is Targeted School Violence?

Targeted School Violence includes school shootings and other school-based attacks where the school was deliberately selected as the location for the attack and was not simply a random site of opportunity. Individuals who have committed targeted violence did not “just snap,” but engaged in a process of thought and escalation of action over days, weeks, months, and even years.

In the majority of incidents of targeted violence, perpetrators did not directly threaten their targets, but they did communicate their intent and/or plans to others before the violence. This indirect expression or third-party communication of intent to cause harm is often referred to as leakage. Reporting leakage is key to preventing targeted school violence.

Who Is Required to Report Threats?

All District staff, volunteers, and contractors are required to report any expressed threats or behaviors that may represent a threat to the community, school, or self to the Building Principal. Parents/guardians and students are also encouraged to report any such threats to the Building Principal.

Reported threats are assessed by the school's Threat Assessment Team (TAT). Each TAT includes people with expertise in counseling, instruction, school administration, and law enforcement. The goal of the threat assessment process is to take appropriate preventive or corrective measures to maintain a safe and secure school environment, to protect and support potential victims, and to provide assistance, as needed, to the individual being assessed.

The threat assessment process does not preclude anyone from acting immediately to address an imminent threat.

What Can Staff and Parents/Guardians Do?

The TAT will provide guidance to students and staff regarding recognizing concerning, aberrant, threatening, and prohibited behaviors to be reported. While there is no one list of behaviors that may cause concern, examples include, but are not limited to:

- Threatening statements or gestures
- Persons with ongoing, unresolved grievances with members of the school community
- Atypical, unusual, or bizarre communications or behavior
- Significant changes in behavior
- Increased focus or fixation on aspects of violence, harm, or death
- Information about someone expressing thoughts, plans, or preparations for violence
- Concerns that someone may harm themselves
- Behavior that significantly disrupts the learning or working environment
- Behavior that seems troubling or disturbing
- Persons seeming isolated and alienated from others
- Anyone unknown to the school

Staff and parents/guardians can reinforce this guidance by discussing with students what a threat is, encouraging students not to make threats or “joking” statements in the first place, and reiterating that seeking help to prevent someone from getting hurt or hurting another by reporting threats is appropriate.

CHAPTER 7 – CONDUCT AND DISCIPLINE

The two conduct principles of every student at Chrisman HS/JH are:

1. **We are here to learn.**

 - Everyone has the right to be physically and emotionally safe at our school.

General Building Conduct

Students shall not arrive at school before 7:30 a.m. Upon arrival, HS students should report to the HS gym. JH students should report to the cafeteria until the bell rings. Classes begin at 8:00 a.m. and students are dismissed at 3:05 p.m. each day. The following rules shall apply, and failure to abide by the rules may result in discipline. Students are expected to respect and follow general building and classroom rules including but not limited to:

- Students are expected to be respectful of other students and staff.

- Students should use restrooms during passing periods and will not be excused from class except in an emergency.
- Students are to be in the cafeteria area during breakfast and lunch and not in any other area without staff supervision.

School Dress Code & Student Appearance

In order to promote a positive and distraction-free learning environment, all students are expected to dress in a manner that is respectful, appropriate, and conducive to the school setting. The following dress code applies during all school hours and at school-sponsored events, unless otherwise specified.

General Guidelines:

1. **Shorts and Skirts:**
 - Must be long enough to fully cover the buttocks at all times, including when sitting, standing, or moving. Spandex shorts are not allowed.
 - Clothing should provide full coverage without the need for constant adjustment.
2. **Shirts and Tops:**
 - All shirts must have shoulder straps that are **at least 1 inch wide**. Low-cut chest/armpit areas are not allowed.
3. **Undergarments:**

Undergarments should not be visible at any time.

5. **Other Clothing Restrictions:**
 - Clothing, accessories, or body markings that display or promote drugs, alcohol, tobacco, violence, hate speech, profanity, or sexually explicit material are prohibited.
 - Any clothing that significantly disrupts the learning environment or poses a safety risk is not allowed. This is at the discretion of administration.

Enforcement and Consequences:

Students who do not adhere to the dress code may be asked to change, cover up, or may face disciplinary actions in accordance with school policy. Repeated violations may result in further consequences. If there is any doubt about dress and appearance, the building principal will make the final decision.

Student Discipline

Prohibited Student Conduct

When disciplinary measures are indicated, consequences will be determined on an individual/case-by-case basis by the assistant principal/dean of students as per the Assertive Discipline Policy. Students may be disciplined for insubordination, disobedience or misconduct, including but not limited to the following:

1. Using, possessing, distributing, purchasing, selling, or offering for sale tobacco or nicotine materials, including electronic cigarettes, e-cigarettes, vapes, vape pens, or other vaping related products.
2. Using, possessing, distributing, purchasing, or selling alcoholic beverages. Students who are under the influence of an alcoholic beverage are not permitted to attend school or school functions and are treated as though they had alcohol in their possession.
3. Using, possessing, distributing, purchasing, selling or offering for sale:
 - a. Any illegal drug, controlled substance, or cannabis (including marijuana, medical cannabis, hashish, unless the student is authorized to be administered a medical cannabis-infused product under *Ashley's Law*).

 - d. Any prescription drug when not prescribed for the student by a physician or licensed practitioner, or when used in a manner inconsistent with the prescription or prescribing physician or licensed practitioner's instructions. The use or possession of medical cannabis, even by a student for whom medical cannabis has been prescribed, is prohibited unless the student is authorized to be administered a medical cannabis-infused product under *Ashley's Law*.
 - e. Any inhalant, regardless of whether it contains an illegal drug or controlled substance: (a) that a student believes is, or represents to be capable of, causing intoxication, hallucination, excitement, or dulling of the brain or nervous system; or (b) about which the student engaged in behavior that would lead a reasonable person to believe that the student intended the inhalant to cause intoxication, hallucination, excitement, or dulling of the brain or nervous system. The prohibition in this section does not apply to a student's use of asthma or other legally prescribed inhalant medications.
 - f. "Look-alike" or counterfeit drugs, including a substance that is not prohibited by this policy, but one: (a) that a student believes to be, or represents to be, an illegal drug, controlled substance, or other substance that is prohibited by this policy; or (b) about which a student engaged in behavior that would lead a reasonable person to believe that the student expressly or impliedly represented to be an illegal drug, controlled substance or other substance that is prohibited by this policy.
 - g. Drug paraphernalia, including devices that are or can be used to: (a) ingest, inhale, or inject cannabis or controlled substances into the body; and (b) grow, process, store, or conceal cannabis or controlled substances.
 - h. Any substance inhaled, injected, smoked, consumed, or otherwise ingested or absorbed with the intention of causing a physiological or psychological change in the body, including without limitation, pure caffeine in a tablet or powdered form.

Students who are under the influence of any prohibited substance are not permitted to attend school or school functions and are treated as though they have the prohibited substance, as applicable, in their possession.

4. Using, possessing, controlling, or transferring a "weapon" or violating the procedures listed below under the Weapons Prohibition section of this handbook procedure.
5. Using or possessing an electronic paging device.
6. Using a cellular telephone, smartphone, video recording device, personal digital assistant (PDA), or similar electronic device in any manner that disrupts the educational environment or violates the rights of others, including using the device to take photographs in locker rooms or bathrooms, cheat, or otherwise violate student conduct rules. Prohibited conduct specifically includes, without limitation, creating and sending, sharing, viewing, receiving or possessing an indecent visual depiction of oneself or another person through the use of a computer, electronic communication device, or cellular telephone, commonly known as "sexting." Unless otherwise banned under this policy or by the building principal, all cellular phones, smartphones, and other electronic devices must be kept powered-off and out-of-sight during the regular school day unless: (a) the supervising teacher grants permission; (b) use of the device is provided in a student's individualized education program (IEP); (c) it is used during the student's lunch period; or (d) it is needed in an emergency that threatens the safety of students, staff, or other individuals.
7. Using or possessing a laser pointer unless under a staff member's direct supervision and in the context of instruction.
8. Disobeying rules of student conduct or directives from staff members or school officials. Examples of disobeying staff directives include refusing a staff member's request to stop, present school identification or submit to a search.

Prohibited conduct specifically includes, without limitation, any use of violence, intimidation, force, noise, coercion, threats, stalking, harassment, sexual harassment, public humiliation, theft or destruction of property, retaliation, hazing, bullying, bullying using a school computer or a school computer network or other comparable conduct.
11. Engaging in any sexual activity, including without limitation, offensive touching, sexual harassment, indecent exposure (including mooning) and sexual assault.

14. Entering school property or a school facility without proper authorization.
15. In the absence of a reasonable belief that an emergency exists, calling emergency responders (calling 9-1-1); signaling or setting off alarms or signals indicating the presence of an emergency; or indicating the presence of a bomb or explosive device on school grounds, school bus or at any school activity.

16. Being absent/truant without a recognized excuse will affect assertive points.
17. Being involved with any public school fraternity, sorority, or secret society.
18. Being involved in a gang or engaging in gang-like activities, including displaying gang symbols or paraphernalia.
19. Violating any criminal law, including but not limited to, assault, battery, arson, theft, gambling, eavesdropping, vandalism, and hazing.
20. Engaging in any activity, on or off-campus, that interferes with, disrupts, or adversely affects the school environment, school operations, or an educational function, including but not limited to, conduct that may reasonably be considered to: (a) be a threat or an attempted intimidation of a staff member; or (b) endanger the health or safety of students, staff, or school property.
21. Making an explicit threat on an Internet website against a school employee, a student, or any school-related personnel if the Internet website through which the threat was made is a site that was accessible within the school at the time the threat was made or was available to third parties who worked or studied within the school grounds at the time the threat was made, and the threat could be reasonably interpreted as threatening to the safety and security of the threatened individual because of his or her duties or employment status or status as a student inside the school.
22. Operating an unarmed aircraft system (AUS) or drone for any purpose on school grounds or at any school event unless granted permission by the building principal.
23. Sexting, which, for purposes of this procedure, is the act of creating, sending, sharing, viewing, receiving, or possessing sexually explicit messages, images, or videos electronically, regardless of whether they are authentic or computer-generated, through the use of a computer, electronic communication device, or cellular phone. Sexting also includes creating, sending, sharing, viewing, receiving, or possessing indecent visual depictions, non-consensual dissemination of private sexual images, and non-consensual dissemination of sexually explicit digitized depictions, as defined in State law.

For purposes of these rules, the term "possession" includes having control, custody, or care, currently or in the past, of an object or substance, including situations in which the item is: (a) on the student's person; (b) contained in another item belonging to, or under the control of, the student, such as in the student's clothing, backpack, or automobile; (c) in a school's student locker, desk, or other school property; (d) at any location on school property or at a school-sponsored event; or (e) in the case of drugs and alcohol, substances ingested by the person.

Efforts, including the use of positive interventions and supports, shall be made to deter students, while at school or a school-related event, from engaging in aggressive behavior that may reasonably produce physical or psychological harm to someone else.

No disciplinary action shall be taken against any student that is based totally or in part on the refusal of the student's parent/guardian to administer or consent to the administration of psychotropic or psycho-stimulant medication to the student.

When & Where Conduct Rules Apply

The grounds for disciplinary action also apply whenever the student's conduct is reasonably related to school or school activities, including but not limited to:

1. On, or within sight of, school grounds before, during, or after school hours or at any time;
2. Off school grounds at a school-sponsored activity or event, or any activity or event that bears a reasonable relationship to school;
3. Traveling to or from school or a school activity, function, or event; or
4. Anywhere, if the conduct interferes with, disrupts, or adversely affects the school environment, school operations, or an educational function, including but not limited to, conduct that may reasonably be considered to (a) be a threat or an attempted intimidation of a staff member; or (b) endanger the health or safety of students, staff, or school property.
5. During periods of remote learning

Disciplinary Measures

School officials shall limit the number and duration of expulsions and out-of-school suspensions to the greatest extent practicable, and, where practicable and reasonable, shall consider forms of non-exclusionary discipline before using out-of-school suspensions or expulsions. School personnel shall not advise or encourage students to drop out of school voluntarily due to behavioral or academic difficulties. Potential disciplinary measures include, without limitation, any of the following measures:

1. Notifying parents/guardians.
2. Disciplinary conference.
3. Withholding of privileges.
4. Temporary removal from the classroom.
5. Return of property or restitution for lost, stolen or damaged property.
6. In-school suspension.
7. After-school study or Saturday study provided the student's parent/guardian has been notified. (If transportation arrangements cannot be made in advance, an alternative disciplinary measure will be assigned to the student.)
 - a. Minor Detention- 3:05-3:45
 - b. Major Detention- 3:05-4:30
 - c. Friday Late Stay- 3:05-6:00

8. Community service.
9. Seizure of contraband; confiscation and temporary retention of the personal property that was used to violate school rules.
10. Suspension of bus riding privileges.
11. Suspension from school and all school activities for up to 10 days. A suspended student is prohibited from being on school grounds.
12. Expulsion from school and all school activities for a definite time period not to exceed 2 calendar years. An expelled student is prohibited from being on school grounds.
13. Transfer to an alternative program if the student is expelled or otherwise qualifies for transfer under State law.
14. Notifying juvenile authorities or other law enforcement whenever the conduct involves criminal activity, such as, illegal drugs (controlled substances), "look-alikes," alcohol or weapons or in other circumstances as authorized by the reciprocal reporting agreement between the District and local law enforcement agencies.

The above list of disciplinary measures is a range of options that will not always be applicable in every case. In some circumstances, it may not be possible to avoid suspending or expelling a student because behavioral interventions, other than a suspension or expulsion, will not be appropriate and available, and the only reasonable and practical way to resolve the threat and/or address the disruption is a suspension or expulsion.

Assertive Discipline System

In order to help students keep their focus on these two responsibilities, **they are awarded 100 Assertive Discipline Points which renew each quarter.** It is each individual student's responsibility to keep and maintain these points by adhering to school rules, classroom rules and by getting along with their fellow students, and thus avoid behaviors which would result in a referral to the office.

In the event that a student does not follow school or classroom rules or is not getting along with his or her fellow students and is referred to the administration, students will incur a loss of assertive discipline points. **Assertive Discipline Points - 100 points per quarter** - renewed every quarter.

- Students must retain 80 points or higher to keep all of their privileges*.
 - Students who fall below 80 points will have their loss of privileges.
 - Office Referrals made by the Principal or a Teacher shall result in an automatic minimum point deduction and mediation with the administration.
- Referrals made by students or staff shall be investigated by the administrator, who will then determine if points will or will not be deducted and whether mediation is required.
- Administration reserves the right to deduct more than the minimum points depending upon the severity of the referred offense.
- Assertive Points (Deduction for the consequences)
 - 1 point each for every conference with administration
 - 2 points each for every lunch detention
 - 4 points each for every minor detention
 - 6 points each for every major detention
 - 8 points each Friday late stay detention
 - 10 points each for every in-school suspension (ISS)
 - 10 points each for every out-school suspension plus 10 points for each day
- Students who fall below 80 Assertive Discipline Points will be subject to loss of privileges. Examples include:
 - Lunch in the lunch room - meaning daily lunch detention
 - Participation in reward activities - parties, pep rally, fun days and roller skating parties, Spirit Week activities, ect.
 - School Dances and Events - JH Dances, Homecoming, Junior Carnival, and Prom, and associated events and preparations.
 - FFA/FCCLA Week
 - Parking Privileges.
 - Senior Trip
 - Disciplinary actions by Team or Club Coaches as Coach deems appropriate.
 - Loss of privileges and duration of the loss shall be determined via mediation between administration, the student, and the referring teacher, as well as possible offended part(s) and the student's parents.
 - Loss of privileges is not canceled upon the renewal of the next quarter Assertive Discipline points. The loss of privileges must be carried out for the period of time agreed to in mediation between the student, student's parent or guardian, and administration.
- **Student's Rights in Mediation**
 - Every referred student will have the following rights during the mediation process:
 - The student has the right to not participate in the mediation process or leave the mediation if they are too upset.
 - The student's parents are welcome and strongly encouraged to be part of all mediations.
 - The student will have the opportunity to have their side of events heard by the assistant principal/dean of students.
 - The student has the right and is encouraged to have the offended party(s) and referring teacher present as part of the mediation when this is possible.
 - The student will have the opportunity to take part in an "Act of Restorative Justice".

Isolated Time Out, Time Out and Physical Restraint

Isolated time out, time out, and physical restraint shall only be used if the student's behavior presents an imminent danger of serious physical harm to the student or others and other less restrictive and intrusive measures were tried and proven ineffective in stopping it. The school may not use isolated time out, time out, and physical restraint as discipline or punishment, convenience for staff, retaliation, a substitute for appropriate educational or behavioral support, a routine safety matter, or to prevent property damage in the absence of imminent danger of serious physical harm to the student or others. The use of prone restraint is prohibited.

Corporal Punishment

Corporal punishment is prohibited in all circumstances. Corporal punishment is defined as a discipline method in which a person deliberately inflicts pain upon a student in response to the student's unacceptable behavior or inappropriate language, with an aim or set an example for others. It includes slapping, paddling, or prolonged maintenance of students in physically painful positions, or intentional infliction of bodily harm. Corporal punishment does not include reasonable force as permitted by State law.

Weapons Prohibition

A student who is determined to have brought one of the following objects to school, any school-sponsored activity or event, or any activity or event that bears a reasonable relationship to school shall be expelled for a period of not less than one year but not more than 2 calendar years:

(1) A firearm, meaning any gun, rifle, shotgun, weapon as defined by Section 921 of Title 18 of the United States Code, firearm as defined in Section 1.1 of the Firearm Owners Identification Card Act, or firearm as defined in Section 24-1 of the Criminal Code of 1961. The expulsion period may be modified by the superintendent, and the superintendent's determination may be modified by the board on a case-by-case basis.

(2) A knife, brass knuckles or other knuckle weapon regardless of its composition, a billy club, or any other object if used or attempted to be used to cause bodily harm, including "look alikes" of any firearm as defined above.

The expulsion requirement may be modified by the superintendent, and the superintendent's determination may be modified by the board on a case-by-case basis.

a case-by-case basis.

Gang & Gang Activity Prohibited

"Gang" is defined as any group, club or organization of two or more persons whose purposes include the commission of illegal acts. Detention

A student may be assigned a detention for a violation of school rules. A student who fails to attend an assigned detention without being properly excused will be assigned two detentions which are to be served the next two scheduled detentions. If the student fails to serve the assigned detention, then the student may receive an in-school suspension. **Serving a detention takes priority over all other school functions.**

These detentions do not count against students Assertive Discipline Points and are to be served with the assigning teacher either on the day of the offense or on the next day and shall be for any duration of time up to 30 minutes. If the "Teacher Based Detention" can not be served within the two day time limit the issue automatically becomes an Office Referral.

2. Unless the student and parent(s)/guardian(s) indicate that they do not want a hearing or fail to appear at the designated time and place, the hearing will proceed. It shall be conducted by the Board or a hearing officer appointed by it. If a hearing officer is appointed, he or she shall report to the Board the evidence presented at the hearing, and the Board shall take such final action as it finds appropriate. Whenever there is evidence that mental illness may be the cause for the recommended expulsion, the Superintendent or designee shall invite a representative from the Dept. of Human Services to consult with the Board.
3. During the expulsion hearing, the Board or hearing officer shall hear evidence concerning whether the student is guilty of the gross disobedience or misconduct as charged. School officials must provide: (1) testimony of any other interventions attempted and exhausted or of their determination that no other appropriate and available interventions were available for the student, and (2) evidence of the threat or disruption posed by the student. The student and his or her parent(s)/guardian(s) may be represented by counsel, offer evidence, present witnesses, cross-examine witnesses who testified, and otherwise present reasons why the student should not be expelled. After the presentation of the evidence or receipt of the hearing officer's report, the Board shall decide the issue of guilt and take such action as it finds appropriate.

Cyberbullying includes the creation of a webpage or weblog in which the creator assumes the identity of another person or the knowing impersonation of another person as the author of posted content or messages if the creation or impersonation creates any of the effects enumerated in the definition of bullying. Cyberbullying also includes the distribution by electronic means of a communication to more than one person or the posting of material on an electronic medium that may be accessed by one or more persons if the distribution or posting creates any of the effects enumerated in the definition of bullying.

Bullying may take various forms, including without limitation one or more of the following: harassment, threats, intimidation, stalking, physical violence, sexual harassment, sexual violence, theft, public humiliation, destruction of property, or retaliation for asserting or alleging an act of bullying. 2. Access to the Internet or other online resources via the District's networking infrastructure or to any District-issued online account from any computer or device, regardless of location;
3. District-owned and District-issued computers, laptops, tablets, phones, or similar devices.

Acceptable Use

Access to the electronic network must be: (a) for the purpose of education or research, and be consistent with the District's educational objectives, or (b) for legitimate business use. It is impossible to control all the materials on a global network and an industrious user may discover inappropriate information. Edgar County Schools cannot prevent the possibility that some users may access material that is not consistent with the educational mission, goals, and policies of the school. All users will be subject to the following policies:

Privileges

The use of the electronic network is a privilege, not a right, and inappropriate use will result in a cancellation of those privileges. The system administrator or Building Principal will make all decisions regarding whether or not a user has violated these procedures and may deny, revoke, or suspend access at any time; His or her decision is final.

Unacceptable Use

The user is responsible for his or her actions and activities involving the network and equipment, and while using any other electronic device on school property. Some examples of unacceptable uses are:

1. Using the network for any illegal activity, including violation of copyright or other contracts, or transmitting any material in violation of any State or federal law;
2. Using the electronic networks to engage in conduct prohibited by board policy.
3. Unauthorized downloading of software or other files, regardless of whether it is copyrighted or scanned for malware;
4. Unauthorized use of personal removable media devices (such as flash or thumb drives);
5. Downloading of copyrighted material for other than personal use;
6. Using the network for private financial, commercial gain, or political gain;
7. Wastefully using resources or entities; (Including indiscriminate printing, or file storage of materials that are not school or career development related - especially games, pictures, and other media files.)
8. Hacking or attempting to hack or gain unauthorized access to files, resources, or entities by any means;
9. Invading the privacy of individuals, that includes the unauthorized disclosure, dissemination, and use of information about anyone that is of a personal nature such as a photograph or video;
10. Using another user's account or password;
11. Disclosing any network or account password (including your own) to any other person, unless requested by the system administrator
12. Posting material authored or created by another without his/her consent;
13. Posting anonymous messages;
14. Creating or forwarding chain letters, spam, or other unsolicited messages;
15. Using the electronic networks for commercial or private advertising;
16. Accessing, submitting, posting, publishing, or displaying any abusive, obscene, profane, sexual, threatening, harassing, illegal, or knowingly false material; and
17. Misrepresenting the user's identity or the identity of others, and

18. Using the electronic networks while access privileges are suspended or revoked.

Network Etiquette

The user is expected to abide by the generally accepted rules of network etiquette. These include, but are not limited to, the following:

1. Be polite. Do not become abusive in messages to others.
2. Use appropriate language. Do not swear, or use vulgarities or any other inappropriate language.
3. Do not reveal personal information, including the addresses or telephone numbers, of students or colleagues.
4. Recognize that the District's electronic networks are not private. People who operate District technology have access to all email and other data. Messages or other evidence relating to or in support of illegal activities may be reported to the authorities.
5. Do not use the network in any way that would disrupt its use by other users.
6. Consider all communications and information accessible via the network to be private property.

No Warranties

The school and district make no warranties of any kind, whether expressed or implied, for the service it is providing. The school and district are not responsible for any damages the user suffers. This includes loss of data resulting from delays, non-deliveries, missed-deliveries, or service interruptions caused by its negligence or the user's errors or omissions. Use of any information obtained via the Internet is at the user's own risk. The District specifically denies any responsibility for the accuracy or quality of information obtained through its services.

Indemnification

By using the District's electronic networks, the user agrees to indemnify the school and district for any losses, costs, or damages, including reasonable attorney fees, incurred by the school or district relating to, or arising out of, any violation of these procedures.

Security

Network security is a high priority. If the user can identify a security problem on the Internet, the user must notify the system administrator or building principal. Do not demonstrate the problem to other users. Keep your account(s) and password(s) confidential. Do not use another individual's account without written permission from that individual. Attempts to log-on to the network as a system administrator will result in cancellation of user privileges. Any user identified as a security risk may be denied access to the network.

Vandalism

Vandalism will result in cancellation of privileges and other disciplinary action. Vandalism is defined as any malicious attempt to harm or destroy data of another user, the Internet, or any other network. This includes, but is not limited to, the uploading or creation of malware, such as viruses and spyware. The school district will seek restitution from students and their parents/guardians for vandalism or other student acts that cause damage to school property.

Telephone Charges

The District assumes no responsibility for any unauthorized charges or fees, including telephone charges, long-distance charges, per-minute surcharges, and/or equipment or line costs.

Filtering

Edgar County School District uses Industry Standard Software for the filtering of its Internet. Any attempts to intentionally bypass the filtering system will result in immediate loss of privileges. This includes the use of any and all external proxy servers.

Expectation of Privacy

Users have no expectations of privacy. Random audits and monitoring of user files and communications will be conducted on a regular basis.

Copyright Web Publishing Rules

Copyright law prohibits the republishing of text or graphics found on the Internet or on District websites or file servers/cloud storage without explicit written permission.

1. For each re-publication (on a website or file server) of a graphic or a text file that was produced externally, there must be a notice at the bottom of the page crediting the original producer and noting how and when permission was granted. If possible, the notice should also include the web address of the original source.
2. Students engaged in producing web pages must provide library media specialists with email or hard copy permissions before the web pages are published. Printed evidence of the status of "public domain" documents must be provided.
3. The absence of a copyright notice may not be interpreted as permission to copy the materials. Only the copyright owner may provide the permission. The manager of the Web site displaying the material may not be considered a source of permission.
4. The *fair use* rules governing student reports in classrooms are less stringent and permit limited use of graphics and text.
5. Student work may only be published if there is written permission from both the parent/guardian and student.

Use of Email

The District's email system, and its constituent software, hardware, and data files are owned and controlled by the District. The District provides email to aid students in fulfilling their duties and responsibilities, and as an education tool.

1. The District reserves the right to access and disclose the contents of any account on its system, without prior notice or permission from the account's user. Unauthorized access by any student to an email account is strictly prohibited.
2. Each person should use the same degree of care in drafting an email message as would be put into a written memorandum or document. Nothing should be transmitted in an email message that would be inappropriate in a letter or memorandum.
3. Electronic messages transmitted via the District's Internet gateway carry with them an identification of the user's Internet "domain." This domain name is a registered domain name and identifies the author as being with the school district. Great care should be taken, therefore, in the composition of such messages and how such messages might reflect on the name and reputation of the school and district. Users will be held personally responsible for the content of any and all electronic mail messages transmitted to external recipients.
4. Any message received from an unknown sender via the Internet should either be immediately deleted or forwarded to the system administrator. Downloading any file attached to any Internet-based message is prohibited unless the user is certain of that message's authenticity and the nature of the file so transmitted.
5. The use of the District's email system constitutes consent to these regulations.

Internet Safety

Internet access is limited to only those acceptable uses as detailed in these procedures. Internet safety is supported if users will not engage in unacceptable uses, as detailed in these procedures, and otherwise follow these procedures.

Staff members will supervise students while students are using District Internet access to ensure that the students abide by the Terms and Conditions for Internet access contained in these procedures.

Each District computer with Internet access has a filtering device that blocks entry to visual depictions that are: (1) obscene, (2) pornographic, or (3) harmful or inappropriate for students, as defined by the Children's Internet Protection Act and as determined by the Superintendent or designee.

The system administrator and Building Principals shall monitor student Internet access.

1-to-1 Handbook

To receive their school-issued Chromebook, each student must:

- Sign the CUSD #6 Acceptable Use Policy (once)
- Sign their Chrisman 1-to-1 Agreement (annually)
- Both parent/guardian & student attend an orientation (once) with the student attending a refresher (annually)

When leaving the district or at the end of the school year, all Chromebooks must be turned in to the school. Failure to return will result in the student being charged the full replacement cost. The school may also file a report of stolen property with the local law enforcement.

Students are encouraged to use their Chromebooks at home and other locations outside of school. Students are bound by the CUSD #6 Acceptable Use Policy and 1-to-1 Handbook off school property as well.

All damages or malfunctions must be reported to the Technology Coordinator for assessment and to receive a loaner while being repaired. Optional insurance on the Chromebook is available for every student for \$25 on an annual basis. This will cover all accidental damage, however, any intentional or blatant damage, damage done while not in the school-issued case, or a lost/stolen Chromebook will not be covered by this.

All other policies set forth in the 1-to-1 Handbook are enforceable with the same weight and authority as the Student Handbook

CHAPTER 9 – SEARCH AND SEIZURE

Search and Seizure

In order to maintain order safety and security in the schools, school authorities are authorized to conduct reasonable searches of school property and equipment, as well as of students and their personal effects. “School authorities” include school liaison police officers.

School Property and Equipment as well as Personal Effects Left There by Students

School authorities may inspect and search school property and equipment owned or controlled by the school (such as lockers, desks, and parking lots), as well as personal effects left there by a student, without notice to or the consent of the student. Students have no reasonable expectation of privacy in these places or areas or in their personal effects left there.

The building principal may request the assistance of law enforcement officials to conduct inspections and searches of lockers, desks, parking lots, and other school property and equipment for illegal drugs, weapons, or other illegal or dangerous substances or materials, including searches conducted through the use of specially trained dogs.

Student Searches

School authorities may search a student and/or the student’s personal effects in the student’s possession (such as purses, wallets, knapsacks, backpacks, lunch boxes, etc.) when there is a reasonable ground for suspecting that the search will produce evidence the particular student has violated or is violating either the law or the school or district’s student rules and policies. The search will be conducted in a manner that is reasonably related to its objective of the search and not excessively intrusive in light of the student’s age and sex, and the nature of the infraction.

School officials may require a student to cooperate in an investigation if there is specific information about activity on the student’s account on a social networking website that violates the school’s disciplinary rules or school district policy. In the course of the investigation, the student may be required to share the content that is reported in order for the school to make a factual determination. School officials may not request or require a student or his or her parent/guardian to provide a password or other related account information to gain access to the student’s account or profile on a social networking website.

Seizure of Property

If a search produces evidence that the student has violated or is violating either the law or the school or district’s policies or rules, evidence may be seized and impounded by school authorities, and disciplinary action may be taken. When appropriate, evidence may be transferred to law enforcement authorities.

Questioning of Students Suspected of Committing Criminal Activity

Before a law enforcement officer, school resource officer, or other school security person detains and questions on school grounds a student under 18 years of age who is suspected of committing a criminal act, the building principal or designee will: (a) notify or attempt to notify the student’s parent/guardian and document the time and manner in writing; (b) Make reasonable efforts to ensure the student’s parent/guardian is present during questioning or, if they are not present, ensure that a school employee (including, but not limited to, a social worker, psychologist, nurse, counselor, or any other mental health professional) is present during the questioning; and (c) If practicable, make reasonable efforts to ensure that a law enforcement officer trained in promoting safe interactions and communications with youth is present during the questioning.

CHAPTER 10 – ATHLETICS AND EXTRACURRICULAR ACTIVITIES

Extracurricular and Athletic Activities Code of Conduct, Requirements for Participation in Athletic Activities

Extra-Curricular Athletic Eligibility Regulations

A student must meet all academic eligibility requirements and have the following fully executed documents on file in the school office before being allowed to participate in any athletic activity:

1. A current certificate of physical fitness issued by a licensed physician, an advanced practice nurse, or physician assistant. The preferred certificate of physical fitness is the Illinois High School Association's "Preparticipation Physical Examination Form."
2. A permission slip to participate in the specific athletic activity signed by the student's parent/guardian.
3. Proof the student is covered by medical insurance.
4. A signed agreement by the student not to ingest or otherwise use any drugs on the IHSA's most current banned substance list (without a written prescription and medical documentation provided by a licensed physician who performed an evaluation for a legitimate medical condition) and a signed agreement by the student and the student's parent/guardian agreeing to IHSA's Performance-Enhancing Substance Testing Policy.
5. A signed agreement by the student and the student's parent/guardian upon receiving IHSA Sports Medicine Acknowledgement & Consent Form.
6. A signed agreement by the student and the student's parent/guardian authorizing compliance with the School District's Extracurricular Drug and Alcohol Testing Policy (applies to HS only)
7. Signed documentation agreeing to comply with the School District's policies and procedures on student-athlete concussions and head injuries.

To maintain eligibility to participate:

1. Per local requirement for High school: During the sport seasons, grades will be checked weekly. Students who are receiving one "F" or more than two "D's" shall be ineligible.
 - If a student fails to meet eligibility requirements, he or she shall not participate in any co-curricular activities for one (1) week. Grades shall be checked on Friday, and the student's ineligibility begins on the following Monday morning and continues until the next Sunday.

The building principal shall be responsible for the administration of all scholastic requirements for eligibility for all students in his/her building.

If a student fails to meet eligibility requirements, he or she shall not participate in any co-curricular activities for one (1) week. Grades shall be checked on Friday, and the student's ineligibility begins on the following Monday morning and continues until the next Sunday morning.

- For the first time that a student is ineligible for a sport or activity, he/she cannot participate in the activity, but he/she may continue to practice and travel with the team or activity.
- If a second period of ineligibility occurs during the sport or activity, then the student is ineligible to participate in the sport or activity, AND shall not practice or attend contests in that sport or activity. - If a third week of ineligibility occurs, then the student shall be removed from the sport or activity for the remainder of that sport or activity's duration.
- *In any week of ineligibility, a student-athlete may not miss any class time to leave for a meet or game.

HS: Grades will be calculated on a cumulative semester basis to determine academic eligibility.

JH/Fifth Graders: Grades will be calculated on the nine-week grading period to determine academic eligibility.

Illinois High School Association

Eligibility for most athletics is also governed by the rules of the Illinois High School Association and, if applicable, these rules will apply in addition to this Extracurricular and Athletic Activities Code of Conduct. In the case of a conflict between IHSA and this Code, the most stringent rule will be enforced.

Travel

All students must travel to extracurricular and athletic activities and return home from such activities with his or her team by use of school-approved transportation. A written waiver of this rule may be issued by the teacher, sponsor, or coach in charge of the extracurricular or athletic activity upon advance written request of a student's parent/guardian and provided the parent/guardian appears and accepts custody of the student. Oral requests will not be honored and oral permissions are not valid.

Students cannot drive home from away games with anyone other than an adult relative or another player's parent/guardian with written parental consent given to the coach prior to the game.

Code of Conduct

This Code of Conduct applies to all extracurricular and athletic activities and is enforced 365 days a year, 24 hours a day.

This Code does not contain a complete list of inappropriate behaviors. Violations will be treated cumulatively, with disciplinary penalties increasing with subsequent violations. A student may be excluded from extracurricular or athletic activities while the school is conducting an investigation into the student's conduct.

Students and their parents/guardians are encouraged to seek assistance from the Student Assistance Program for alcohol or other drug problems. Participation in an alcohol or drug counseling program will be taken into consideration in determining consequences for Code of Conduct violations.

The student shall not:

1. Violate the school rules and School District policies on student discipline including policies and procedures on student behavior;
2. Ingest or otherwise use a beverage containing alcohol (except for religious purposes);
3. Ingest or otherwise use tobacco or nicotine in any form;
4. Ingest or otherwise use, possess, buy, sell, offer to sell, barter, or distribute any product composed purely of caffeine in a loose powdered form or any illegal substance (including mood-altering and performance-enhancing drugs or chemicals) or paraphernalia;
5. Ingest or otherwise use, possess, buy, sell, offer to sell, barter, or distribute any object that is or could be considered a weapon or any item that is a look-alike weapon. This prohibition does not prohibit legal use of weapons in cooking and in athletics, such as archery, martial arts practice, target shooting, hunting, and skeet;
6. Attend a party or other gathering and/or ride in a vehicle where alcoholic beverages and/or controlled substances are being consumed by minors;
7. Act in an unsportsmanlike manner;
8. Violate any criminal law, including but not limited to, assault, battery, arson, theft, gambling, eavesdropping, vandalism and reckless driving;
9. Haze or bully other students;
10. Violate the written rules for the extracurricular or athletic activity;
11. Behave in a manner that is detrimental to the good of the group or school;
12. Be insubordinate or disrespectful toward the activity's sponsors or team's coaching staff; or
13. Falsify any information contained on any permit or permission form required by the extracurricular or athletic activity.

Hazing is any humiliating or dangerous activity expected of a student to belong to a team or group, regardless of his or her willingness to participate. *Bullying* includes cyber-bullying (bullying through the use of technology or any electronic communication) and means any severe or pervasive physical or verbal act or conduct, including communications made in writing or electronically, directed toward a student or students that has or can be reasonably predicted to have the effect of one or more of the following:

1. Placing the student or students in reasonable fear of harm to the student's or students' person or property;
2. Causing a substantially detrimental effect on the student's or student's' physical or mental health;
3. Substantially interfering with the student's or students' academic performance; or
4. Substantially interfering with the student's or students' ability to participate in or benefit from the services, activities, or privileges provided by a school.

Examples of prohibited conduct include name-calling, using derogatory slurs, stalking, sexual violence, causing psychological harm, threatening or causing physical harm, threatened or actual destruction of property, or wearing or possessing items depicting or implying hatred or prejudice of one of the characteristics stated above.

Due Process Procedures

Students who are accused of violating the Code of Conduct are entitled to the following due process:

1. The student should be advised of the disciplinary infraction with which he or she is being charged.
2. The student shall be entitled to a hearing before an appropriate administrator.
3. The student will be able to respond to any charges leveled against him or her.
4. The student may provide any additional information he or she wishes for the administrator to consider.
5. The administrator, with the help of other staff members if needed, may interview material witnesses or others with evidence concerning the case.
6. If the administrator finds, after reviewing the evidence, that the violation occurred, he or she will impose sanctions on the student, as follows:
 1. Sanctions for violations other than drug and alcohol will be based on the nature of the offense and the number of offenses, and may include suspension from all extracurricular or athletic activities for one of the time periods described below:
 - A specified period of time or percentage of performances, activities or competitions;
 - The remainder of the season or for the next season; or
 - The remainder of the student's school career.
 2. Sanctions for alcohol and other drug violations, including tobacco, nicotine in any form, mood-altering or performance enhancing drugs, products composed purely of caffeine in a loose powdered form, paraphernalia or any other illegal substance, will be based on the following:

First violation

- Use, ingestion, possession, buying, selling, offering to sell, bartering, or distributing: A suspension of one third of

the total number of performances, activities, or competitions or the remainder of the season, whichever is shorter. This penalty will be reduced if the student is enrolled in a school-approved alcohol or drug counseling program.

- Attendance at a party or riding in a vehicle where alcoholic beverages and/or controlled substances are being consumed by minors: A suspension of one sixth of the total number of performances, activities or competitions, or the remainder of the season, whichever is shorter.
- The student will be required to practice with the group, regardless of the violation (unless suspended or expelled from school).

Second violation

- Use, ingestion, possession, buying, selling, offering to sell, bartering, or distributing: A suspension of 12 weeks or 1 season, including suspension from all performances, activities, or competitions during this period. To participate again in any extracurricular or athletic activity, the student must successfully participate in and complete a school-approved alcohol or drug counseling program and follow all recommendations from that program.
- Attendance at a party or riding in a vehicle where alcoholic beverages and/or controlled substances are being consumed by minors: A suspension of one third of the season and all extracurricular group performances, activities, or competitions during this period. The student may be required to practice with the group (unless suspended or expelled from school).

Third violation

- Use, ingestion, possession, buying, selling, offering to sell, bartering, or distributing: A suspension from extracurricular or athletic activities for the remainder of the student's school career.
- Attendance at a party or riding in a vehicle where alcoholic beverages and/or controlled substances are being consumed by minors:
 - i. A suspension of one calendar year from the date of the suspension, including all extracurricular and athletic activities during this period.
 - ii. The appropriate administrator will make a written report of his or her decision and rationale. The student may appeal the decision to the Principal or Principal's designee.

All students remain subject to all the School District's policies and the school's student/parent handbook.

Drug and Alcohol Testing Program

The School District maintains an extracurricular and athletic drug and alcohol testing program in order to foster the health, safety, and welfare of its students. Participation in extracurricular and athletic activities is a privilege and participants need to be exemplars. The program promotes healthy and drug-free participation.

Each student and his or her parent/guardian must consent to random drug and alcohol testing in order to participate in any extracurricular or athletic activity. Failure to sign the School District's "Consent to Participate in Extracurricular Drug and Alcohol Testing Program" form will result in non-participation.

If a test is positive, the student may not participate in extracurricular or athletic activities until after a follow-up test is requested by the building principal or designee and the results are reported. The building principal or designee will request a follow-up test after such an interval of time that the substance previously found would normally be eliminated from the body. If this follow-up test is negative, the student will be allowed to resume participation in extracurricular and athletic activities. If a positive result is obtained from the follow-up test, or any later test, the same previous procedure shall be followed. If the positive results are at the end of the school year, and there is not another testing even that school year, the student will be reentered in the school-wide testing pool of eligible students.

No student shall be expelled or suspended from school as a result of any verified positive test conducted under this program other than when independent reasonable suspicion of drug and/or alcohol usage exists. This program does not affect the School District policies, practices, or rights to search or test any student who at the time exhibits cause for reasonable suspicion of drug and/or alcohol use.

Modification of Athletic or Team Uniform

Students may modify their athletic or team uniform for the purpose of modesty in clothing or attire that is in accordance with the requirements of the student's religion or the student's cultural values or modesty preferences.

Extra-Curricular Activities Non-Discrimination Policy

The school district shall not discriminate on the basis of sex in its educational and extracurricular programs and activities as required by 20 U.S.C. 1681. Inquiries regarding compliance with the Illinois Sex Equity Rules and federal law may be directed to the Coordinator for Non-discrimination for Chrisman Community School District #6 Superintendent of Schools, 23231 IL Highway 1, Chrisman, IL 61924.

Drug Testing

Philosophy/Purpose

The Chrisman Board of Education believes that the use of prohibited substances, or illegal drugs by students who participate in extracurricular activities (sports, cheerleading, student council, and National Honors Society or any other organization that competes in events), drive automobiles to school, are enrolled in a driver's education class that requires them to operate a motor vehicle, and are enrolled in a class that operates power equipment presents a particular hazard to the health, safety, and welfare of the student and those who interact with that student. The school board encourages students to participate in these above-mentioned activities, but believes the opportunity to try out for and to participate in school-sponsored activities is a privilege and not a right. To be eligible to tryout for, or to participate in any of the above-mentioned activities, privileges, or classes, students must agree to submit to testing for the use of prohibited substances, if selected, in accordance with this policy.

The Chrisman School District recognizes that there is a high incidence of drug and tobacco abuse by students nationwide, which is epidemic in proportion. The district also recognizes that some CUSD #6 students, and in particular, participants in extracurricular activities, organizations, drivers, and classes have or will experiment with illegal drugs during their school years. Because participants in extracurricular activities and organizations are especially respected and looked up to by the student body, they are expected to be good examples of conduct, sportsmanship, and training, which include abstaining from the use of drugs and tobacco. Moreover, participants in extracurricular activities and those operating vehicles and power tools can be a danger to him/her or others, both in and out of the extracurricular activity and classrooms.

In order to provide for the health and safety of the individual participant or vehicle operator and other extracurricular and class participants, as well as, provide a legitimate reason for the students to say "NO" to drug and tobacco use, and to provide an opportunity for those taking drugs or using tobacco to receive help in locating programs which can provide assistance, the school district is conducting a random drug testing program for the above-mentioned student groups. The program's goal is not punitive. It is designed to prevent drug and tobacco usage, to educate student group participants as to the serious physical, mental, and emotional harm caused by drug and tobacco use/abuse, to create and maintain a safe, drug-free environment.

The focal purpose of this policy is to deter the use of prohibited substances, not to provide a means in which the district may use to punish a student. Accordingly, the results of any drug test administered under this policy shall be used for determination of the eligibility to try out for and to participate in extracurricular activities and organizations, for vehicle driving privileges, enrollment in classes using power equipment, and/or to receive other school privileges and not for other disciplinary purposes.

Consent Form

To try out for or to participate in any school-sponsored sport, activity, cheerleading, to participate as a member of the HS Student Council, JH Activities Club, or the National Honors Society, or to obtain permission to drive a vehicle to or from school, be enrolled in a driver's training class, or a class that will be operating power tools, the student must read this policy and sign a consent form by which the student agrees to consent in the drug testing program outlined in this procedure. The consent form must also be signed by the student's parent(s) and/or guardian(s). This consent will be a part of the online registration process. Students will sign consent during the first week of school if the parent/guardian has given consent during registration. Signature of consent will remain valid for the entire school year unless a written withdrawal of consent, meeting the outlined conditions, is received from the student's parent(s) and/or guardian(s).

Students deciding to participate in any of the above paragraph mentioned activities after the sign-up deadline may be required to be tested after the signed consent form is returned, at the student's parent(s)' or guardian(s)' expense. This testing will occur on the next random drug test, or at the time the principal designates, and the student will then remain eligible for random testing for the remainder of the school year.

Withdrawal of Consent

Consent for participation may be withdrawn under the following conditions:

1. Student fails to make the team/activity under tryout procedures outlined
2. Any student who has never tested positive to a random drug test during a period of one year prior to the withdrawal date, and will not be participating in any qualified extracurricular activities for the remainder of his/her school year.
 - Parents must submit written request for withdrawal of consent indicating intentions of #2 above
3. Withdrawal of consent must be sent to the appropriate building principal who will verify the student is no longer participating in any qualified activity or class and has not tested positive to a random drug test for a period of one calendar year previous to the withdrawal date.

Should the student elect to resume participation in any qualified activity or class again in his/her school career, the student will be required to be tested on the next scheduled test date prior to activity tryout or participation at the student's or parent(s)/guardian(s) expense.

Noncompliance

If the extracurricular participant or his/her parent(s) /guardian(s) refuse to sign the consent form, the student will not be permitted to be a member of the stated extracurricular sports, activities, organizations, classes, and or to be granted privileges to drive a vehicle to or from school until such consent form is signed. Also, if the student participant refuses to be tested or does not complete the test as instructed or complete the test in the time frame outlined by the testing company, the participant will be considered in violation of this policy and automatically will be considered to have tested positive.

Confidentiality

The results of any test administered under the terms of this policy shall be kept confidential and disclosed only to the extracurricular, sport, organization, class, or driving participant, his/her parent(s) or guardian(s), and school officials designated by the Chrisman School Board. The results of the testing shall not be used as a basis for any disciplinary action other than disqualification provided for in the Athletic Rules and Regulations Policy. The test results will not be part of the student's permanent record but will be kept by the testing facility. The results for testing, negative or positive will be kept until the student graduates. At that time all results/records of this policy, related to the testing facility, for each student will be purged.

Under this drug-testing program, no staff, coach, or sponsor shall divulge any information to anyone about a particular student or disposition of the student involved, other than by order of a court of competent jurisdiction.

Random Selection of Sport, Extracurricular, Organization, Class, and Privileges Participant for Testing

At the beginning of each school year, each participant shall be assigned a number. The selection numbers will be made by the school designee. The numbers will then be used to make a computer-generated designation of students to help with staffing needs from the testing organization.

Students will be eligible for random testing throughout the school year. Students who recently have or currently display signs or actions of "reasonable suspicion" so noted by police interaction or arrest, school staff observations, or credible witnesses, may be included in the next scheduled random drug testing.

Notification of Participant Selection/Absence

The selected random drug testing participants will be notified to report to the test site.

If a student is absent from school, and the absence is unexcused, the student will be ineligible to practice or compete, retain active membership in an organization or class, or to receive privileges until the next testing date, and then will automatically be tested on that date.

If the absence is excused, the student will remain eligible for practice, competition, organization and class membership, and retain driving privileges, but will automatically be tested on the next date. After testing, a participant's number will be returned to the testing population and subject to re-selection during the next testing cycle. Participants will be subject to random testing throughout the school year.

Student Transfer

A student transferring to CUSD #6 schools grades 6-12 will be provided a copy of this policy. Transfer students and parents/guardians will be given a reasonable period of time (not to exceed five (5) school days) to determine whether or not the student intends to participate in extracurricular sports, activities, organizations, classes, or designed privileges. If, within the period of time given, the consent form is signed appropriately, the student's name will be added to the random list. If a decision is made to participate after the original timeline for consent, the student will automatically be tested on the next scheduled test date, prior to activity membership, class enrollment, activity tryout, or participation in extracurricular activity or sport.

Program Details

Testing procedures, chain of custody, and testing results will be implemented according to the procedures outlined by the Policy Manual of the Testing Organization selected by CUSD #6.

Financial Responsibility

1. Under this policy, the CUSD #6 will pay for all initial drug tests requested by the school district

2. A request for another test of a "positive" urine specimen is the financial responsibility of the student's parent/guardian. Any test given by another testing facility will not be admissible or acceptable as proof of a negative test. A second test is run only on the already collected sample. The original sample is held for the purpose of running another test if the parent/guardian wishes to do so.
3. Counseling and subsequent treatment by non-school agencies is the financial responsibility of the student's parent(s)/guardian(s).

Testing Negative

The parent(s) or guardian(s) of any random tested student who tests negative, will be notified by mail or phone call as soon as practical, of the district's receipt of the information.

Testing Positive

If a student/participant's test results are positive, the student/participant will be considered in violation of CUSD # 6 Athletic, Organization, Class and Special Privileges Rules and Regulations Policy Random Drug Testing Plan, Athletics & Extracurricular Activities. Consequences will be administered as outlined there, including notification of the student and parent(s)/guardian(s) as soon as practical. The student will then be automatically retested in the next random testing for that school year. If there is not another testing that school year, the student will be reentered into the testing pool for the next school year.

Enforcement

The provisions of this policy are considered an addition to all other rules and regulations governing student conduct and discipline in extracurricular activities.

Expenses

Funding for this program will be by the Chrisman School Board of Education action.

****SPECIAL NOTE****

The student who elects to enroll in a school board approved drug/alcohol abuse counseling program will automatically be tested at the school's discretion and expense for a period of one year after the student's first positive test to alcohol or drugs. All costs associated with the evaluation, including counseling and/or subsequent treatment programs will be the responsibility of the parent(s)/guardian(s). The school shall assume no financial responsibility for any portion of the evaluation, diagnosis, and treatment.

Drug, Alcohol, and Tobacco Abuse Consequences

The Alcohol, Tobacco, and Drug Abuse Policy shall apply to every Chrisman Extracurricular Participant, a student driver or enrolled in driver's education class, or enrolled in a class that operates power equipment.

The student's education cannot be impacted, but their voluntary participation in activities can be impacted. Consequences are intended to deter students from any potential second positive test.

Extracurricular Participants frequently participate in summer camps or summer leagues. Therefore, the consequences of this policy will apply 365 days a year. Students will sign a commitment to abide by policies at the time of school registration. Student violation of this policy in the offseason will suffer the consequences at the time the sport season begins (i.e., officially sanctioned sport event practices). Students may not pick up an extra sport with the sole purpose of satisfying consequences of violation of this policy. If a student is caught at the end of the season, they would serve their suspension for the remainder of that particular season, and the balance of the suspension, if any, will carry over into the next sport.

A system shall be established between coaches, athletic directors, and administration so that the consequence of a violation is served and fulfilled that will be recorded by a coach in a temporary file. Provable consumption of illegal drugs, alcohol, tobacco, or nicotine is defined as a positive result on a random drug, alcohol, tobacco, or nicotine screening test. Additionally, statements from reliable, authoritative sources or witnessing of said behavior, or police interaction may be cause for provable use or possession.

The consequences for the use of alcohol, tobacco, and illegal drugs are:

A. DUI Charge for Alcohol or Illegal Drug:

90-day suspension from sport competition, cheerleading team (can still practice with the team, but cannot compete or attend games) academic honor society, and cannot attend or participate in any extracurricular activities except those that are academically related, must not drive to school, and cannot operate power tools in class. If in Driver's Ed class, must take the class next semester and must complete a school-approved counseling program. Failure to receive this approved counseling program will increase the suspension days to 180 days.

B. Provable consumption or possession of alcohol/illegal drugs:

30-day suspension from all sport competitions, cheerleading team (can still practice with the team but cannot compete or attend games), academic honor society, and cannot attend or participate in any extracurricular school activities except those that are academically related, must not drive to school, or if enrolled in Driver's Ed class must take it next semester, must not operate power tools in class, and must complete a school-approved counseling program. Failure to receive this counseling program will increase the suspension to 60 days. The suspension begins with the day the results of the random drug test are received or the date of proof.

If a second offense occurs during a student's career, the above penalties will be doubled.

If a third offense occurs during a student's Jr. or Sr. High School career, suspension of all extracurricular activities, and driving privileges for the rest of their Jr./Sr. School career.

C. Provable consumption or possession of tobacco or nicotine, including e-cigarettes:

While it is legal to consume tobacco products upon reaching the age of 18, this policy will continue to be in force for those students as listed above regardless of age.

First offense: suspension for 15 calendar days (can still practice, cannot dress for games) – begins day of official notification

Second offense: suspension for 30 calendar days (cannot practice or dress for games)

Third offense: suspension for one (1) calendar year (cannot practice, dress for games or participate in school-sponsored summer teams/camps)

Fourth offense: suspension for rest of career

Imposition of Discipline

Coaches and school officials shall impose disciplines appropriate to the offense committed. The discipline imposed for any particular offense shall be at the sole and exclusive discretion of the coaching staff and other school officials.

Application and Conflict on Disciplinary Rules

In the instance of violation of school policies, rules, or regulations or this code by a student, nothing herein or elsewhere shall prohibit the school district from imposing disciplines available under this code and classroom academic penalties for the same offense. School officials, at their sole and exclusive discretion, may alter penalties contained herein or elsewhere to fit the misconduct such penalties are intended to punish, provided however, the due process rights of the student shall be protected in so doing.

Disciplinary Suspension

The coach or sponsor, upon consultation with and upon approval of school administration, may suspend a student from participation for violation of the code, training rules, or other appropriate policies, rules and regulations of the school district. Suspension is defined as removal of the student from participation in one (1) or more practices, games, meets or other activities but less than dismissal for the balance of a season or school year. The following procedures shall apply to disciplinary suspensions:

1. Prior to suspension, the student shall be provided an explanation of the charges against him or her.
2. The student shall be given an opportunity to present his or her version of the incident to the suspending school official;
3. Upon request, the student may appeal his or her disciplinary suspension to the principal, who shall have final and binding authority to determine the appropriateness of the suspension. Disciplinary suspensions may be imposed pending dismissal proceedings.
4. The parent/guardian of the student shall receive written notification by certified mail of the disciplinary action against the student and the rationale.

Disciplinary Dismissal of a Student

The coach or sponsor, upon consultation with and upon approval of school administration, may dismiss a student from participation in an activity for violation of the code, training rules, or other appropriate policies, rules, and regulations of the school district. Dismissal is defined as removal of the student from participation in one (1) or more practices, games, meets, or other activities in an activity for the balance of a season. The following procedures shall apply to disciplinary measures:

2. The parent of the student shall receive written notification by certified mail of the charges against the student, which shall include notice of the right to request a hearing before the principal and a copy of this code. An appeal may be filed upon written request by the parent or student whereupon the principal shall schedule a meeting with the relevant parties and shall thereafter determine the appropriateness of the suspension;
3. If the student is dissatisfied with the conclusions reached by the principal, the student may submit a written request for a hearing before the school board, which shall schedule a hearing for its next regularly scheduled meeting unless the request for a hearing is received within seven (7) calendar days of a regularly scheduled board meeting in which case the hearing shall be scheduled for a date with forty (40) days of receipt by the school board of the request for hearing. At this hearing, the student shall be provided an explanation of the charges against him or her, may be represented by counsel at his or her expense, and may call witnesses, and may present evidence in his or her defense. The decision of the school board shall be final and binding.

Disciplinary Ineligibility For Further Competition or Participation

The school administration may declare a student ineligible for further competition in any activity for violation of the code, training rules, or other appropriate policies, rules, and regulations of the school district. Ineligibility for further competition or participation in any activity is defined as the removal of the student from participation in any sport or activity for the balance of his or her high school eligibility. The following procedures shall apply to disciplinary ineligibility:

1. Prior to the dismissal, the student shall be provided an explanation of the charges against him or her. The student shall be given an opportunity to present his or her version of the incident to the suspending school official;
2. The parent of the student shall receive written notification by certified mail of the charges against the student, which shall include notice of the right to request a hearing before the principal and a copy of this code. An appeal may be filed upon written request by the parent or student whereupon the principal shall schedule a meeting with the relevant parties and shall thereafter determine the appropriateness of the suspension;
3. If the athlete is dissatisfied with the conclusions reached by the principal, the athlete may submit a written request for a hearing before the school board which shall schedule a hearing at its next regularly scheduled meeting, unless the request for a hearing is received within seven (7) calendar days of a regularly scheduled board meeting, in which case the hearing shall be scheduled for a date within forty (40) days of receipt by the school board of the request for hearing. At this hearing, the student shall be provided an explanation of the charges against him or her, may be represented by counsel at his or her own expense, and may call witnesses, and

- may present evidence in his or her defense. The decision of the school board shall be final and binding; and
4. In any case of a finding of ineligibility for further competition, the school board shall schedule a review hearing to consider the reinstatement of the student at the beginning of each subsequent school year the student is enrolled in school and otherwise would have remaining eligibility.

Disposition of Penalty Pending Appeal

Whether or not a student shall be reinstated pending appeal of a penalty by the student shall be at the sole and exclusive discretion of school officials.

Concussion Protocol

Student-athletes must comply with Illinois' Youth Sports Concussion Safety Act and all protocols, policies and bylaws of the Illinois High School Association before being allowed to participate in any athletic activity, including practice or competition.

As required by the IHSA, CUSD #6 has established a Concussion Oversight Team (COT) and Concussion Protocol. All athletes and parents/legal guardians will be provided concussion information, then signed and returned to the Athletic Director, prior to participation in athletics. The Athletic Director, officials, and all coaches will complete an online concussion awareness and education program developed by the IHSA every two years. All athletes will have a baseline examination at the beginning of the year to establish baseline data.

Any athlete who exhibits signs, symptoms, or behaviors consistent with a concussion (such as loss of consciousness, headache, dizziness, confusion or balance problems) shall be immediately removed from the contest and shall not return to play until cleared by a physician licensed to practice medicine in all branches in Illinois or Indiana and Certified Athletic Trainers.

Post-Concussion Management:

A student removed from practice or competition may not be permitted to practice or compete again until:

1. The student has been evaluated by a licensed physician or an athletic trainer
2. The student has successfully completed each requirement of the return to learn protocol
3. The student has successfully completed each requirement of the return to play protocol
4. The treating physician or athletic trainer has provided a written statement indicating it is safe for the student to return AND
5. The student and the student's parent or guardian have signed a consent form (IHSA Post-Concussion Consent Form) indicating that the person signing:
 - a. Has been informed concerning and consents to the student participating in returning to play in accordance with RTP and RTL protocols
 - b. Understands the risks associated with the student with returning to play and learn and will comply with any ongoing requirements
 - c. Consents to the disclosure to appropriate persons, consistent with the federal HIPAA Act
 - d. And if any, written statement from physician or athletic trainer indicating RTL and RTP recommendations.

Return-to-Learn Protocol

To initiate the return-to-learn protocol, the student must be evaluated by a licensed healthcare professional and documentation must be provided to the school.

- The protocol allows the student to participate in school in a modified fashion so as not to worsen symptoms.
- The student should be granted time to complete missed academic work based on the amount of time needed for complete recovery. Teachers can reduce anxiety by alleviating the volume of work until he/she is medically cleared to resume a full academic load.
- The student should report to the case manager daily in order to monitor symptoms.
- Students 1 at either Phase 1 or Phase 2, in which they are not attending full school days, are not to attend extracurricular events after school. This includes practices, games, or events. Once moving to Phase 3 and attending school for full days, they may resume attending extracurricular events.

Phase 1: No School/Complete Cognitive Rest: In this phase, the student may experience high levels of symptoms that at best prohibit the student from benefiting from school attendance. Many students are unable to tolerate being in the school environment. Students at this phase are not to attend extracurricular events.

Phase 2: Part-Time Attendance with Accommodations: In this phase, the student's symptoms have decreased to manageable levels. The student can do cognitive activities but only for very short periods of time (5-15 minutes) so need frequent breaks to rest. Students at this phase are not to attend extracurricular events.

Phase 3: Full-Day Attendance with Accommodations: In this phase, the student's symptoms are decreased in both number and severity. Symptoms may still be exacerbated by certain activities.

Phase 4: Full-Day Attendance without Accommodations: In this phase, the student may report no symptoms or may experience mild symptoms intermittently.

Phase 5: Full School and Extracurricular Involvement: In this phase, the student is consistently tolerating full school days and typical academic load without triggering any symptoms

Return-To-Play Protocol

Baseline: Back to School First

- The athlete is back to their regular school activities: is no longer experiencing symptoms from the injury when doing normal activities.

Step 1: Light Aerobic Activity

- Begin with light aerobic activity, about 5-15 minutes on an exercise bike, walking, or light jogging. No weight lifting.
- If symptom-free for the next 24 hours, then move to the next step. If symptoms return, then continue to rest.

Step 2: Moderate Activity/Sports Specific Exercise

- Continue with activities to increase an athlete's heart rate. This includes moderate jogging, brief running, stationary biking, and weightlifting.
- If symptom-free for the next 24 hours, then move to the next step. If symptoms return, then return to the previous step.

Step 3: Heavy, Non-Contact Training Drills

- Add heavy non-contact physical activity, such as sprinting, high-intensity stationary biking, & weight lifting routine, non-contact sport-specific drill.
- If symptom-free for the next 24 hours, then move to the next step. If symptoms return, then return to the previous step.

Step 4: Practice and Full contact

- May return to practice and full contact in controlled practice.
- If symptom-free for the next 24 hours, then return to play. If symptoms return, then return to the previous step.

The full Concussion Protocol is available in the unit office. For any questions regarding concussions, see Mrs. Nicole Cox, Principal.

Attendance at School-Sponsored Dances

HS & JH - Attendance at school-sponsored dances is conditional upon achievement in the classroom. In order to attend a dance, a student must have passing grades in all classes (unless the dance falls within the first two weeks of a quarter) AND must have at least 80 assertive discipline points. These will be checked by the building principal the day of the dance and communicated to the students and chaperones of the dance.

High School - Attendance at school-sponsored dances is a privilege. These dances are for CHS students and their guests. Students who wish to bring a guest must obtain and turn in a request form located in the office. Guests must be at least in 9th grade and under 21 years old. Only 1 date per CHS student will be allowed. All school rules, including the school's discipline code, are in effect during school-sponsored dances. Students who violate the school's discipline code will be required to leave the dance immediately. The school may also impose other discipline as outlined in the handbook. Students who leave the site of the dance will not be allowed to return.

Participation in Court for School Sponsored Events

Candidates for court who have won the title for that event in previous years may not run for court again. . Example: student wins king/queen for Junior Carnival may not run for Junior Carnival in future years. They may, however, run for Homecoming or Prom court. If there are no other viable candidates then exceptions may be made by the sponsor of the event

Extracurricular Activities Scheduling

Except when Illinois High School Association (IHSA) and Illinois Elementary School Association (IESA) directives dictate otherwise, all home or away extracurricular activities scheduled on a day when school is not in session because of adverse weather conditions or on a day school has been dismissed because of adverse weather conditions will be postponed; When games, activities or practices are postponed because of adverse weather conditions, they will be rescheduled at a later date, if possible.

Practices and Contests

Games or activities may be scheduled on Saturdays or holidays with the exception of Thanksgiving, Christmas, and New Year's Day.

When there are conflicts regarding a student's practicing or participating in a program or contest, the priorities shall be as follows:

1st - Contest, 2nd – Program, 3rd - Practice

CHAPTER 11 – SPECIAL EDUCATION

Education of Children with Disabilities

It is the intent of the district to ensure that students who are disabled within the definition of Section 504 of the Rehabilitation Act of 1973 or the Individuals with Disabilities Education Act are identified, evaluated and provided with appropriate educational services.

The School provides a free appropriate public education in the least restrictive environment and necessary related services to all children with disabilities enrolled in the school. The term "children with disabilities" means children between ages 3 and the day before their 22nd birthday for whom it is determined that special education services are needed. It is the intent of the school to ensure that students with disabilities are identified, evaluated, and provided with appropriate educational services.

A copy of the publication "Explanation of Procedural Safeguards Available to Parents of Students with Disabilities" may be obtained from the school district office.

Discipline of Students with Disabilities

Behavioral Interventions

Behavioral interventions shall be used with students with disabilities to promote and strengthen desirable behaviors and reduce identified inappropriate behaviors. The School Board will establish and maintain a committee to develop, implement, and monitor procedures on the use of behavioral interventions for children with disabilities.

Discipline of Special Education Students

The District shall comply with the Individuals With Disabilities Education Improvement Act of 2004 and the Illinois State Board of Education's Special Education rules when disciplining special education students. No special education student shall be expelled if the student's particular act of gross disobedience or misconduct is a manifestation of his or her disability.

Isolated Time Out, Time Out, and Physical Restraint

Isolated time out, time out, and physical restraint shall only be used if the student's behavior presents an imminent danger of serious physical harm to the student or others, and other less restrictive and intrusive measures were tried and proven ineffective in stopping it. The School may not use isolated time out, time out, or physical restraint as discipline or punishment, convenience for staff, retaliation, as a substitute for appropriate educational or behavioral support, a routine safety matter, or to prevent property damage in the absence of imminent danger of serious physical harm to the student or others. The use of prone restraint is prohibited.

Exemption From PE Requirement (3-HS)

A student who is eligible for special education may be excused from physical education courses in either of the following situations:

1. He or she (a) is in grades 3-12, (b) his or her IEP requires that special education support and services be provided during physical education time, and (c) the parent/guardian agrees or the IEP team makes the determination; or
2. He or she (a) has an IEP, (b) is participating in an adaptive athletic program outside of the school setting, and (c) the parent/guardian documents the student's participation as required by the Superintendent or designee.

A student requiring adapted physical education will receive that service in accordance with the student's Individualized Education Program.

Certificate of High School Completion (HS)

A student with a disability who has an Individualized Education Program prescribing special education, transition planning, transition services, or related services beyond the student's 4 years of high school, qualifies for a certificate of completion after the student has completed 4 years of high school. The student is encouraged to participate in the graduation ceremony of his or her high school graduation class.

Request to Access to Classroom for Special Education Observation or Evaluation

The parent/guardian of a student receiving special education services, or being evaluated for eligibility, is afforded reasonable access to educational facilities, personnel, classrooms, and buildings. This same right of access is afforded to an independent educational evaluator or a qualified professional retained by or on behalf of a parent or child. For further information, please contact the school principal.

Related Service Logs

For a child with an individualized education program (IEP), the school district must create related service logs that record the type of related services administered under the child's IEP and the minutes of each type of related service that has been administered. The school will provide a child's parent/guardian a copy of the related service log at the annual review of the child's IEP and at any other time upon request.

PUNS (Prioritization of Urgency of Need for Services) The Illinois Department of Human Services (IDHS) maintains a statewide database known as the PUNS database (Prioritization of Urgency of Need for Services) that records information about individuals with intellectual disabilities or developmental disabilities who are potentially in need of services.

IDHS uses the data on PUNS to select individuals for services as funding becomes available, to develop proposals and materials for budgeting, and to plan for future needs. The PUNS database is available for children with intellectual disabilities or developmental disabilities with unmet service needs.

Registration to be included on the PUNS database is the first step toward receiving developmental disabilities services in this State. A child who is not on the PUNS database will not be in the queue for State developmental disabilities services.

For more information and to sign up for PUNS, see the Illinois Department of Human Services PUNS information page at <https://www.dhs.state.il.us/page.aspx?item=41131>. You may also contact special education teachers for assistance:

CHAPTER 12 – STUDENT RECORDS AND PRIVILEGES

Student Privacy Protections

Annual Notice to Parents about Educational Technology Vendors Under the Student Online Personal Protection Act

School districts throughout the State of Illinois contract with different educational technology vendors for beneficial K-12 purposes such as providing personalized learning and innovative educational technologies, and increasing efficiency in school operations.

Under Illinois' Student Online Personal Protection Act, or SOPPA (105 ILCS 85/), educational technology vendors and other entities that operate Internet websites, online services, online applications, or mobile applications that are designed, marketed, and primarily used for K-12 school purposes are referred to in SOPPA as operators. SOPPA is intended to ensure that student data collected by operators is protected, and it requires those vendors, as well as school districts and the Ill. State Board of Education, to take a number of actions to protect online student data.

Depending upon the particular educational technology being used, our District may need to collect different types of student data, which is then shared with educational technology vendors through their online sites, services, and/or applications. Under SOPPA, educational technology vendors are prohibited from selling or renting a student's information or from engaging in targeted advertising using a student's information. Such vendors may only disclose student data for K-12 school purposes and other limited purposes permitted under the law.

In general terms, the types of student data that may be collected and shared include personally identifiable information (PII) about students or information that can be linked to PII about students, such as:

- Basic identifying information, including student or parent/guardian name and student or parent/guardian contact information, username/password, student ID number
- Demographic information
- Enrollment information
- Assessment data, grades, and transcripts
- Attendance and class schedule
- Academic/extracurricular activities
- Special indicators (e.g., disability information, English language learner, free/reduced meals or homeless/foster care status)
- Conduct/behavioral data
- Health information
- Food purchases
- Transportation information
- In-application performance data
- Student-generated work
- Online communications
- Application metadata and application use statistics
- Permanent and temporary school student record information

Operators may collect and use student data only for K-12 purposes, which are purposes that aid in the administration of school activities, such as:

- Instruction in the classroom or at home (including remote learning)
- Administrative activities
- Collaboration between students, school personnel, and/or parents/guardians
- Other activities that are for the use and benefit of the school district

Surveys

All surveys requesting personal information from students, as well as any other instrument used to collect personal information from students, must advance or relate to the District's educational objectives, or assist students' career choices. This applies to all surveys, regardless of whether the student answering the questions can be identified or who created the survey

Surveys by Third Parties

Before a school official or staff member administers or distributes a survey or evaluation created by a third party to a student, the student's parent/guardian may inspect the survey or evaluation, upon their request and within a reasonable time of their request. This applies to every survey: (1) that is created by a person or entity other than a district official, staff member, or student, (2) regardless of whether the student answering the questions can be identified, and (3) regardless of the subject matter of the questions.

Parents who object to the disclosure of information concerning their child to a third party may do so in writing to the building principal.

Surveys Requesting Personal Information

School officials and staff members will not request, nor disclose, the identity of any student who completes any survey or evaluation (created by any person or entity, including the school or district) containing one or more of the following items:

1. Political affiliations or beliefs of the student or the student's parent/guardian.
2. Mental or psychological problems of the student or the student's family.
3. Sexual behaviors or attitudes.
4. Illegal, anti-social, self-incriminating, or demeaning behavior.
5. Critical appraisals of other individuals with whom students have close family relationships.
6. Legally recognized privileged or analogous relationships, such as those with lawyers, physicians, and ministers.

7. Religious practices, affiliations, or beliefs of the student or the student's parent/guardian.
8. Income other than that required by law to determine program eligibility.

The student's parent/guardian may inspect the survey or evaluation upon, and refuse to allow their child to participate in the survey. The school will not penalize any student whose parent/guardian exercised this option.

Instructional Material

A student's parent/guardian may inspect, upon their request, any instructional material used as part of their child's educational curriculum within a reasonable time of their request.

Selling or Marketing Students' Personal Information Is Prohibited

No school official or staff member may market or sell personal information concerning students (or otherwise provide that information to others for that purpose). The term personal information means individually identifiable information including: (1) a student or parent's first and last name, (2) a home or other physical address (including street name and the name of the city or town), (3) a telephone number, (4) a Social Security identification number or (5) driver's license number or State identification card.

Unless otherwise prohibited by law, the above paragraph does not apply: (1) if the student's parent/guardian have consented; or (2) to the collection, disclosure or, use of personal information collected from students for the exclusive purpose of developing, evaluating or providing educational products or services for, or to, students or educational institutions, such as the following:

1. College or other postsecondary education recruitment, or military recruitment.
2. Book clubs, magazines, and programs providing access to low-cost literary products.
3. Curriculum and instructional materials used by elementary schools and secondary schools.
4. Tests and assessments to provide cognitive, evaluative, diagnostic, clinical, aptitude, or achievement information about students (or to generate other statistically useful data for the purpose of securing such tests and assessments) and the subsequent analysis and public release of the aggregate data from such tests and assessments.
5. The sale by students of products or services to raise funds for school-related or education-related activities.
6. Student recognition programs.

Under no circumstances may a school official or staff member provide a student's personal information to a business organization or financial institution that issues credit or debit cards.

A parent/guardian who desires to opt their child out of participation in activities provided herein or who desires a copy or access to a survey or any other material described herein may contact the Building Principal.

A complete copy of the District's Student and Family Privacy Rights policy may be obtained from the Superintendent's office or accessed on the District's website.

Student Records

A school student record is any writing or other recorded information concerning a student and by which a student may be identified individually that is maintained by a school or at its direction or by a school employee, regardless of how or where the information is stored, except for certain records kept in a staff member's sole possession; records maintained by law enforcement officers working in the school; video and other electronic recordings (including electronic recordings made on school busses) that are created in part for law enforcement, security, or safety reasons or purposes; though such electronic recordings may become a student record if the content is used for disciplinary or special education purposes regarding a particular student.

The Family Educational Rights and Privacy Act (FERPA) and the Illinois Student Records Act afford parents/guardians and students over 18 years of age ("eligible students") certain rights with respect to the student's school records. They are:

1. **The right to inspect and copy the student's education records within 10 school days of the day the District receives a request for access.**
The degree of access a student has to his or her records depends on the student's age. Students less than 18 years of age have the right to inspect and copy only their permanent records. Students 18 years of age or older have access and copyrights to both permanent and temporary records. A parent/guardian or student should submit to the building principal a written request that identifies the record(s) he or she wishes to inspect. The principal will make arrangements for access and notify the parent/guardian or student of the time and place where the records may be inspected. The District charges \$.35 per page for copying but no one will be denied their right to copies of their records for inability to pay this cost. These rights are denied to any person against whom an order of protection has been entered concerning the student.
2. **The right to have one or more scores received on college entrance examinations included on the student's academic transcript.**
Parents/guardians or eligible students may have one or more scores on college entrance examinations included on the student's academic transcript. CHAPTER 13 – PARENTAL RIGHTS AND NOTIFICATIONS

Teacher Qualifications

Parents/guardians may request information about the qualifications of their child's teachers and paraprofessionals, including:

- Whether the teacher has met State certification requirements;
- Whether the teacher is teaching under an emergency permit or other provisional status by which State licensing criteria have been waived;
- The teacher's college major;
- Whether the teacher has any advanced degrees and, if so, the subject of the degrees; and
- Whether any instructional aides or paraprofessionals provide services to your child and, if so, their qualifications.

If you would like to receive any of this information, please contact the school office.

Standardized Testing

Students and parents/guardians should be aware that the State and District require students to take certain standardized tests, including the following:

Parents can assist their students to achieve their best performance by doing the following:

1. Encourage students to work hard and study throughout the year;
2. Ensure students get a good night's sleep the night before exams;
3. Ensure students eat well the morning of the exam, particularly ensuring they eat sufficient protein;
4. Remind and emphasize for students the importance of good performance on standardized testing;
5. Ensure students are on time and prepared for tests, with appropriate materials;
6. Teach students the importance of honesty and ethics during the performance of these and other tests;
7. Encourage students to relax on testing day.

A parent/guardian may request, and the District will provide in a timely manner, information regarding student participation in any assessments mandated by law or District policy, which shall include information on any applicable right you may have to opt your student out of such assessment.

Each year, the District is required to disseminate an annual report card that includes information on the District as a whole and each school served by the District, with aggregate and disaggregated information for each required subgroup of students including student achievement on academic assessments (designated by category), graduation rates, district performance, teacher qualifications, and certain other information required by federal law. Sex Education Instruction (HS)

Public Act 98-0441 mandates the instruction of comprehensive sexual education taught in health classes. HS Health, which is required to graduate from CHS, uses a curriculum that covers the following:

Sexuality Unit: Understanding reproductive anatomy and related issues; preventing sexually transmitted infections (diseases) and pregnancy;

the benefits of abstinence; recognizing healthy and unhealthy relationships; birth control, handling sexual abuse and assault, being safe, including internet safety.

When a student will be exposed to sex education, a letter informing parents and guardians will be sent home prior to the presentation. Parents or guardians may examine the instructional materials to be used during the sexuality unit of the course. A parent/guardian may choose to exclude their child from parts or all of the unit. If so, they will be given alternative instructional materials to be completed on their own.

Parent Involvement

The school and its teachers provide meetings, including parent/teacher conferences, at flexible times to accommodate a variety of parent schedules. Parents/Guardians will be given notice of meeting availability at least two weeks before conferences or other regularly scheduled meetings, to provide sufficient opportunity to schedule and attend meetings with teachers. Additionally, teachers are available regularly to meet with parents/guardians to discuss the success of their child. Parents/Guardians are encouraged to inquire about available meeting times, and to work with teachers. Parents/Guardians will be involved in an organized and timely way when any programs are created, considered, or altered, and will be continually involved in the ongoing development of programming, curriculum, and policy.

School programs, in addition to the standard educational curriculum, in which Parents/Guardians may wish to become involved include:

- Athletic Boosters Club
- Academic Boosters Club
- Band Boosters Club
- Eagle Spirit Council (JH)

Please contact the school for contact information

The school provides Parents/Guardians with access to:

1. school performance profiles required by Federal law and their child's individual student assessment results, including an interpretation of such results;
2. description and explanation of the curriculum in use at the school, the forms of assessment used to measure student progress, and the proficiency levels students are expected to meet;
3. opportunities for regular meetings to formulate suggestions, share experiences with other Parents/Guardians, and participate as appropriate in decisions relating to the education of their children if such Parents/Guardians so desire; and
4. timely responses to suggestions.

Everyone is responsible for the success of the students of the school. While the school provides the best education we can, it is critical to the success of students that parents assist us in meeting the goals of education set forth by the state, the federal government, and ourselves.

In order to better assist in educating the students, we need the help of all parents and guardians. We ask that you help us educate children by monitoring attendance, homework completion, and television watching; by volunteering in your child's classroom; and participating, as appropriate, in decisions relating to the education of children and positive use of extracurricular time.

The school endeavors to do its best to provide all information in the language best understood by parents and guardians. Questions about language alternatives should be directed to Nicole Cox, Principal at 217-269-2823. Parents/Guardians of participating children have a right to appeal the contents of this policy. The district will submit any parent comments when this plan is submitted to the State. Any questions or concerns should be directed to Mr. James Acklin, Interim Superintendent at 217-269-2513.

The state's resources on parental involvement can be located at <http://illinoisparents.org/>. The state's website on parental involvement provides information, training, and support for parents and schools on various websites which may be useful or interesting to parents and students, and provides advice and information about how to get involved and participate in the educational process. Resources are provided by search, by county, and by a categorical query.
